The King's Message—

'Life or Death For All of Us'

LONDON (CP)—King George VI spoke to the Empire by radio today. Text of his speech follows:

One year ago today I spoke to the people of the Empire from Winnipeg in the heart of Canada. We were at peace.

On that Empire Day I spoke of the ideals of freedom, justice and peace upon which our Commonwealth of free peoples is founded. Clouds were gathering, but I held fast to the hope that those ideals might yet achieve fuller and richer development without suffering the grievous onslaught of war.

But it was not to be. The evil which we strove unceasingly and with all honesty of purpose to avert fell upon us. In this our conscience is clear. For there is now revealed without possibility of mistake a long-planned scheme to subjugate by force the nations of the world against which all our efforts for peace were doomed to break.

DECISIVE HOUR

The decisive struggle is now upon us. I am going to speak plainly to you, for in this hour of trial I know that you would not have me do otherwise. Let no one be mistaken; it is no mere territorial conquest that our enemies are seeking. It is the overthrow, complete and final, of this Empire and of everything for which it stands, and after that the conquest of the world. And if their will prevails they will bring to its accomplishment all the hatred and cruelty which they have already displayed. It was not easy for us to believe that designs so evil could find a place in the human mind.

But the time for doubt is long past. To all of us in this Empire, to all men of vision and good will throughout the world, the issue is now plain: It is the issue of life or death for us all. Defeat will mean not only the loss of our freedom, but the destruction of our world as we have known it and the descent of darkness upon its ruins.

NOT LUST OF CONQUEST

I speak to you today with a new vision of this Empire before my eyes. Now that it has come into conflict and sharp comparison with the evil system which is attempting its destruction, its full significance appears in a brighter and more certain light. There is a word which our enemies use against us—imperialism—by it they mean the spirit of domination and the lust of conquest. We free peoples of the Empire cast that word back in their teeth. It is they who have these evil aspirations.

Our one object has always been peace: Peace in which our institu-

tions may be developed, the condition of our peoples improved, and the problems of government solved in the spirit of good will. This peace they have taken from us and they are seeking to destroy all that we have striven to maintain.

RISE IN WRATH

Against our honesty is set dishonesty, against our faithfulness is set treachery, against our justice brute force.

There, in clear and unmistakable opposition, lie the forces that now confront one another. The great uprising of the peoples throughout the Empire shows without doubt which will prevail. They have risen in just wrath against a thing which they detest and despise. Nothing can shake their resolution. In perfect unity of purpose they will defend their lives and all that makes life worth living.

Let no one think that my confidence is dimmed when I tell you how perilous is the ordeal which we are facing. On the contrary it shines in my heart as brightly as it shines in yours. But confidence alone is not enough. It must be armed with courage and resolution, with endurance and self-sacrifice.

These are the high qualities that the men of the homeland and the men from overseas in an unending stream are bringing to the struggle on land and sea and in the air.

At this moment our thoughts turn to our fighting men and to those who love them, mothers, wives and sweethearts at home. Beside them stand soldiers of our old ally, France, and with them Poland and Norway, Belgium and Holland, peoples upon whose peaceful lands has fallen the horror of treacherous and unprovoked aggression.

TRUST IN GOD

At this fateful hour we turn, as our fathers before us have turned in all times of trial, to God the Most High. Here in the Old Country I have asked that Sunday next shall be observed as a day of national prayer. It may be possible for many of our brethren across the seas to join their prayers with ours. Let us with our hearts and our hands united, confidently commit our cause to God and ask His aid that we may valiantly defend the right as it is given to us to see it.

So now, peoples of the Empire, men and women in all quarters of the globe, I say to you: Put into your task, whatever it may be, all the courage and purpose of which you are capable. Keep your hearts proud and your resolve unshaken. Let us go forward to that task as one man, a smile on our lips and our heads held high, and with God's help we shall not fail.

Final Bulletins

Sky Soldiers Beaten

LONDON (CP)—German parachutists armed with sub-machine guns were quickly dispersed by British troops in a rearguard action at a small village in France, the Air Ministry announced tonight. The Air Ministry said the British troops were armed only with rifles for this action.

Bases in Ireland

LONDON (CP)—Britain is considering airbase sites in northern Ireland, Capt. Harold H. Bolfour, Undersecretary of State for Air, said today in a written reply to a question in the House of Commons.

Red Meeting Stopped

LONDON (CP)—Home Secretary Sir John Anderson this evening banned a Communist party meeting scheduled for next Sunday at Trafalgar Square.

Wounded Home

LONDON (CP)—Three hospital ships filled with wounded soldiers from the British Expeditionary Force in France arrived at a south coast port today.

Red Papers Banned

CANBERRA (CP-Reuters)—The Australian government today announced the banning of nine Communist newspapers.

'Rock' Prepares

GIBRALTAR (CP-Reuters)—Gibraltar was relieved by an official announcement late today that the government has no intention of compelling the departure of any citizens except women with young children. Such women and their children were removed to Morocco May 21 in connection with British preparedness measures in the Mediterranean, the western entrance of which Gibraltar guards.

Protest Scuttling

WASHINGTON (CP)—The 21 American republics told Great Britain and Germany today that they regarded as a violation of the Western Hemisphere's neutrality zone the scuttling of the German ship Hannover when intercepted by a British warship near the Dominican republic. The incident took place last March 9. The protest was sent on behalf of the republics by the president of Panama to King George and Adolf Hitler.

Indies Guaranteed

CANBERRA, Australia (CP-Reuters)—The Australian external affairs minister, John McEwan, announced today that Australia and Japan had exchanged assurances that the war in Europe would not affect the status quo of the Dutch East Indies.

Germany's Ruthless Machine Blasts Peaceful Homes With Bombs

These pictures sent from the war zone by telephoto show the cruel Belgium, now a shambles after being hit by a Nazi bomb. Right, destruction meted out by the German bombing planes on the civilian French soldiers digging into ruins of a large building in a French

population of Belgium and France. Left, once a peaceful home in city, searching for bodies of victims of more Heinkel bombs.

Anti-5th Column Drive Widened

Britain Holds Von Rintelen

LONDON (CP)—Captain Franz von Rintelen, noted German espionage activities during the last war and in recent years a resident of England, was detained today in Britain's drive against Fifth Column activities.

In the last war Von Rintelen was one of the chief German spies in the United States. He came to England in 1936 as a "conscientious objector" to Naziism in Germany.

He had been allowed freedom of movement here. At the time of his appearance before the English aliens' court last October, Von Rintelen offered Britain:

"All my experience, energy and capabilities in the ensuing struggle for the defence of her liberties."

He was captured aboard a ship off Ramsgate in 1915 and returned to the United States, where he was convicted of sabotaging munitions ships. He was released from prison late in 1920. At his trial, a 23-day sensation in May, 1917, he was described as having poured vast sums of money from Germany into the plotting of sabotage agents in American war industries from April to August, 1915.

More Fascist Members Taken

Police arrested five more members of Fascist leader Sir Oswald Mosley's British Union today while the Home Office forbade a Communist party meeting scheduled for Sunday.

More than 40 suspects have been taken into custody.

Three members of Sir Oswald's organization were taken from their homes here, as a result of information gleaned in yesterday's round-up which caught Sir Oswald himself. Two others were arrested by Manchester police.

Four men identified as Union soapbox orators were jailed in north London for from one to three months for "insulting words and behavior."

Mosley and eight of his lieutenants are in Brixton jail awaiting removal to internment camps.

Official in Tie-up With Fascists

Police disclosed that a £600 (\$2,600)-a-year official of the ministry of health, who was arrested last night, had a secret tie-up with the Fascists.

Adherents of Mosley replied to the arrest of their leader by showering the Thames Embankment and the Strand with leaflets labeled "Labor - Communist double-cross." They blamed "Labor and Communist leaders" for Britain's "present mess" and demanded the country accept Mosley policy of isolation from continental strife.

ARRESTS IN ULSTER

BELFAST, Northern Ireland (CP)—Seventy-six members of the outlawed Irish Republican Army were arrested in overnight raids by police of northern counties, it was announced today.

Extensive arrests also were reported in Eire. Among the prisoners is an unidentified German, seized in Dublin as the owner of a secret radio transmitter.

The raids followed a statement by Viscount Craigavon, Premier of Ulster, in London last night that Northern Ireland was taking precautions similar to those taken in Britain, where Scotland Yard yesterday arrested Sir Oswald Mosley, leader of the Fascist "British Union," and 33 others.

Eighteen I.R.A. members were arrested in Belfast, 12 in Londonderry, six at Armagh and four in Newry. They will be interned for the duration of the war, it was announced.

Lord Craigavon returned from London and said conscription is "a matter for the authorities on the other side, but in the meantime we are going to have a big recruiting drive."

QUAKE AT LIMA

LIMA, Peru (AP)—A strong earthquake of one-minute duration demolished several houses today and sent the population into the streets in a panic.

Lima, capital of Peru, with a population of more than 176,000, founded by Pizarro, the Spanish conquistador, in 1535, has been stricken several times by earthquakes.

The most disastrous on record was that of 1746 when 3,000 of the 60,000 inhabitants were killed and many buildings destroyed.

Mexican Band Tries To Kill Trotsky

MEXICO CITY (AP)—Leon Trotsky was attacked today by a group of 30 or 40 men who fired into the famous Russian exile's bedroom. He was slightly injured by flying glass.

Trotsky came to Mexico in 1937 after the wandering exile that followed his falling-out with the powers of the Soviet Russia he had helped to build as one of the leaders of the October, 1917, revolution.

One of Trotsky's secretary-guards, Sheldon Harte, was missing after the attack, during which assailants gained entry to the grounds, took two motor cars and broke down several doors. A fellow guard said Harte was "kidnapped."

Some members of the band held at bay several federal district police who customarily guard the place.

Trotsky's room was "all shot up," a secretary declared. The attackers, who left a number of incendiary bombs, were reported to have used "automatic and other rifles."

A secretary who said he spoke with Trotsky's authority declared the "attack was personally directed by Josef Stalin." The former Soviet war lord long has been a critic and enemy of Stalin, whom he charged with "countless murders" in "so-called Moscow trials."

Ready for Hitler

Britons Prepare Hot Reception For Any Invaders

By GUY RHOADES
Canadian Press Staff Writer

Britons braced themselves today to stand off an expected German attempt to invade their island home and promised to give Adolf Hitler's blitzkrieg troops a fiery reception if they should appear.

With a calm that astonished foreigners they completed preparation to meet the raiders if they should come. There was no sign of fear, but rather a grim determination to face whatever may come and to die if necessary rather than risk laying down the liberties their history has brought them over the centuries.

IN 1938 AND 1939

They were like that in the nightmarish days before the Munich agreement in the fall of 1938 and again last year when the crisis that brought the second Great War built up to its climax. To the man in the street the situation now probably is no more alarming than it was last September when he was waiting for Neville Chamberlain to make the statement that sent Britain to war at 11 o'clock on a Sunday morning—the most beautiful day of the whole summer.

But today no Briton seems to underestimate the danger of having the Nazis on the other side of the channel, even though it appears they are only motorcyclists and tank crews who have been dashing around the northern French countryside, eluding capture by their furious speed.

NAZI SHORTAGE

Keen interest was aroused, however, by unconfirmed reports that 3,000 of these mobile troops had been immobilized at Amiens by fuel shortage. Everyone had expected this to happen sooner or later in view of the pounding Allied planes have given German communication lines. French reports said numerous such units had bogged down in Flanders and were being mopped up by the Allies.

Britons viewed such reports with reserve, hoped they were true, but determined not to relax vigilance until the danger was past.

Grimly but without signs of fear they awaited news of the outcome of the gigantic battle between Allied and German forces for Channel ports, which, they knew, would be used as springboards for attacks on their homes if the Germans should take them.

In two weeks German mechanized forces, fighting a methodical warfare that went back to primitive times for its dispirited strategy, reached Boulogne.

RECALL ARMADA DAYS

If they could consolidate themselves, which was doubtful, Britons felt certain the Germans would attempt an invasion. They prepared to withstand it as Francis Drake withstood the Spanish Armada and Horatio Nelson the "scorched" flat-bottomed convoys of Napoleon.

French Defending Boulogne

Allies Batter Nazi Thrust to Coast

PARIS (AP)—A war ministry spokesman announced tonight that French troops are holding the English Channel port of Boulogne against attacks by German armored columns.

PARIS (AP)—The Allied armies caught German armored columns in an artillery crossfire today in a new effort to cut the Reich army's corridor to the sea and turn the tide of the battle for mastery of the English Channel.

Masses of Allied infantry also weighed down on the German salient, pressing south from the Flanders field in the Cambrai region and north from the Somme River in a pincer movement designed to break off the spearhead which has twisted west to the Channel coast.

This turn in the campaign brought into full play for the first time the two branches of the service in which the Allies are believed to have superiority.

(While it was announced in London that the Channel port of Boulogne had been taken by German units, a French military spokesman said there was vigorous fighting in the surrounding region.)

A corridor 30 miles wide separates the central French army on the Somme from the northern Allied armies of French, British and Belgian troops in Flanders.

Columns Pounded By Artillery

On both sides of the corridor the Allies today installed artillery batteries which ranged from the famous French "75's" (three-inch guns) to the heaviest pieces which could be hauled up.

Their fire raked the German columns constantly while Allied planes over the German salient bombed and machine gunned roads and troop concentrations.

Some Allied mechanized forces, just outside the corridor, were laying in wait for German motorcyclists and advance guards and challenging the heavy German tanks to frequent skirmishes.

While the northern Allied army, originally in Belgium, fought southward in the Cambrai-Valenciennes region above the German corridor, French forces of the Somme were fighting northward to attempt to effect a junction at a point which remains a military secret.

In Paris, General Maxime Weygand, fresh from the front, conferred with Premier Reynaud and Marshal Henri Petain. M. Reynaud maintained Anglo-French diplomatic liaison by conferring with the British ambassador, Sir Ronald Campbell.

Heavy Fighting In Boulogne Area

At the western extremity of the German spearhead, French advance guards are reported to have caught up with the German light armored units near the

channel port of Boulogne, and sharp fighting is under way, according to a military spokesman. It is only 26 miles across the channel from Boulogne to Folkestone, England.

The fighting next to the coast was described as "heavy" although the German detachments at Boulogne were still reported to be only "light effective."

ARRAS FIGHT

The spokesman said there was little change since yesterday in the fighting in the Valenciennes-Cambrai-Arras area, where the French announced gains.

French, British and Belgian troops, he said, repulsed German attacks and themselves counter-attacked. The positions remained relatively the same overnight.

A high command communique unusually terse said the Somme River positions had been held firmly after a series of small French victories reducing German bridgeheads on the southern bank.

German Units Mopped Up

The French push into the southern sections of Amiens yesterday was maintained, the French spokesman said. French action was said to have thrown back German outposts and to have established strong French positions from which German units were being mopped up.

NAZI FAILURE

The Germans met with "little or no success" in fighting farther eastward south of Sedan near Attigny on the Aisne River, he reported.

The Nazi command, it was said, launched an attack with "perhaps a division" of troops after a tremendous artillery preparation had blasted French positions and brought replies from French batteries.

The Germans used no tanks, the spokesman said.

In the wooded Argonne region several infiltrations of German soldiers managed to pass through the French lines, he added, but these men were being rounded up.

Artillery duels at the extreme eastern end of the active front extending across northern France, in the vicinity of Longwy, near the juncture of the French, Belgian and Luxembourg frontiers, were described as having calmed down "without direct results."

German attacks south of Sedan yesterday were repulsed, the high command said, "in spite of the means used" by the Germans. This was not explained further.

British Withdraw From Boulogne

LONDON (CP)—Boulogne, France's strategic seaport, 20 minutes by air from London, has fallen to the German spearhead on the English Channel coast, authoritative sources announced today.

The Germans took possession of Boulogne last night, they said.

(At the time of this admission the Germans had not even claimed Boulogne—saying, rather, that their Channel vanguard had passed the city, heading for Calais to the northeast.)

Prime Minister Winston Churchill told Parliament yesterday severe fighting was raging "around and in" Boulogne, and that the fighting, a threat to British communications, had "implications of a serious character."

Today came word of the German seizure of the beautiful port city, whose population in peacetime numbered more than 50,000.

A spokesman said that virtually all the British troops at Boulogne had "got away." He indicated the Germans were able to seize the town because of their stronger forces.

He added, however, that he had no knowledge of the size of the German capturing force.

Boulogne was seized apparently by German mechanized columns worming north along the Channel coast from Abbeville, France, which was reached last Tuesday.

The British authority, who announced Boulogne's fall, said that other points reached by German mechanized detachments were not being disclosed because such disclosures might be the first news of the action to reach the German command itself. Presumably the German conquerors would try to push 20 miles across a hump in the French coastline to attack Calais.

Nazis Claim St. Omer Taken

BERLIN (AP)—German spokesmen today claimed German armored cars had reached St. Omer, 20 miles southeast of Calais, the Channel port which lies 22 miles from Dover.

(No confirmation of this claim was available in Paris or London, but Alfred Duff Cooper, British Minister of Information, stated last night that "Calais might now be in danger.")

The Germans claimed to have reached St. Omer through Tournai and Ghent, Belgium. It was asserted that after passing St. Omer, the German armored cars "approached" Calais.

Nazi Plane Bagged On English Coast

LONDON (CP)—Anti-aircraft guns on the southeast coast of England went into action at dawn today when German aircraft were reported to have become "active" there. One was reported shot down.

German planes bombed the East Dudgeon lightship, 50 miles off the Lincolnshire coast, during the night. Details were not available immediately.

The German planes were reported to have attacked shipping off the coast. Anti-aircraft and machine gun fire and heavy detonations were heard a short distance offshore.

Tory Timber Stated Lacking For Union Move

By NORMAN MACLEOD

OTTAWA — While a substantial ministerial shuffle is being expected on Parliament Hill before many days are over, there is no expectation in informed circles that it will be of the non-partisan or bi-partisan character urged by Rt. Hon. Arthur Meighen in his address in the debate on the Speech from the Throne in the Senate.

Prime Minister King's objective in any reorganization he carries out, ministerial sources are intimating to Parliamentary circles, will be to add an element of vigorous youth plus military experience to his administration.

The names of Col. Colin Gibson, M.P. for West Hamilton, and of Colonel W. P. Mulock, M.P. for North York, Ontario, are being mentioned prominently in this connection.

The greatest obstacle to the formation of a non-partisan ministry at the present time, according to Liberal sources, is the paucity of available Conservative material. With the disorganized state of the Tory Party, the only outstanding figure conceded to be an obvious recruit in any union government that might be formed would be Senator Meighen himself. And there is a strong feeling that to rely on the Prime Minister and the Conservative Senate leader being able to overcome their basic incompatibility would be a doubtful experiment at best.

NOT TAKING LEADERSHIP

The net result of this situation is to "freeze" to a large degree the present Parliament Hill personnel. For it became known today that Mr. Meighen has decided definitely against the proposal that he should return to the House of Commons in the post of leader of the official Opposition. And, while a few new faces will appear upon the treasury benches, they will be recruited from the ranks of those who already are Liberal M.P.s.

Mr. Meighen's attitude, which has been the subject of much dramatic speculation for some days past, can be briefly expressed. On the suggestion that he should lead a vigorous opposition in the House of Commons, he takes the view, in the first place, that the pressure on him has not been sufficiently representative of a national call. In the second place, he feels the situation has developed crisis proportions, which makes it necessary for the nation to rely on its government if it is to be retrieved. If the country has to wait for an opposition to force the government into whole-hearted and effective action, it will be too late.

NO LONE WOLF

On the question of union government, Mr. Meighen would accept willingly "the most minor post in a non-partisan administration and would make only one stipulation. That single condition is that he would not come into the present government unaccompanied — for the obvious reason that if he were a lone figure in the present Liberal cabinet he would be literally "swamped."

There would have to be, therefore, a reasonable measure of non-partisan reorganization if it was planned to have Mr. Meighen join the cabinet. And the basic difficulty arises in this connection that other Conservatives with the experience and ability to add real strength to a wartime ministry are not apparent on the political scene at the present time.

But, while there is little indication of any immediate movement on the part of the government in the direction Mr. Meighen urged, the Conservative Senate leader is conceded to have planted the seed of national government more effectively than it has ever been sowed in recent years. The suggestion of an ultimate need for conscription is not being rejected so decisively these days as it was in the early months of the war. And if it were decided to adopt it, parliamentary circles take it for granted that some form of union government would be the vehicle employed.

6th Column in Canada

3,000 Veterans For Home Guard

OTTAWA (CP) — Canada is to have a force of ex-servicemen. In making the announcement to the House of Commons, Defence Minister Norman Rogers said: "This government believed this force, totaling 3,000 men at first, would be adequate for the needs envisioned, but that it would be enlarged if necessary. He said: "It has been decided to establish immediately a force to be known as the 'Veterans' Home Guards' for the more adequate protection of military property or for any other purpose that may be found necessary in Canada. The force at the outset shall consist of 12 companies; to be expanded if circumstances so require, distributed across Canada and under the military discipline in which they are located. Each company shall be in command of an officer of the rank of major, and shall consist of 250 all ranks."

"The district officer commanding shall in each case be responsible for the organization of any of such companies within his district. He will deal with all applications and shall have full control over the operations of such companies within the geographical limits of his military district."

UP TO 50 YEARS

"The members of the said force shall be recruited from persons who served in the armed forces of Canada or the United Kingdom in the war of 1914-1918, and shall include persons in categories A, B and C, up to the age of 50 years. They shall receive pay and allowances, according to the rates at present in force for the Canadian Active Service Force."

STATEMENT BY LAPOINTE

The prearranged countermove against possible "fifth column" activities ensure Canada against espionage, subversive movements and sabotage. Rt. Hon. Ernest Lapointe, justice minister, said:

2-WEEK DELAY FOR LINER REX

NEW YORK (AP) — The Italian Line said today that while it had not heard from Italy about the postponement of the liner Rex's sailing, "it may be assumed safely that it is not due to anything connected with the war situation, but rather due to traffic reasons."

Sailing of the ship, scheduled for May 29, was set back to June 12. "Owing to the temporary suspension of transit visas it is obvious the Rex would have had hardly any passengers to carry to the United States," Italo Verardo, United States general manager of the line, said in a statement.

"This fact, coupled with the other well-known fact that east-bound crossings have been very meagre in passenger carryings would make the trip of the Rex a big financial loss."

Transit visas are necessary for refugees coming to the United States, a large part of the line's recent business.

"Ten cargo vessels are now navigating in American waters and nothing has been done to change their schedules," Verardo noted.

"The Conte di Savoia will leave New York tomorrow at noon, according to schedule."

LOGGER KILLED

William Barret, employed at the Hemmingsen, Cameron Logging Company's operations at Port Renfrew, was killed yesterday afternoon when struck by a log while loading a car, according to a Provincial Police report last night. He is survived by his mother and one sister at Duncan. An inquest will be held.

Welland District Veterans Form Anti-Fifth Column Units

Organized last fall with rifles and ammunition, members of the Welland (Ontario) Canadian Legion veterans' guard are now carrying on extensive training with a view to preparing adequately for any emergency. The men are divided into three groups with 14 platoons. They are seen here during a test mobilization when they appeared on the parade ground within 50 minutes to carry out rifle and other drills. Later they held a mass parade with Welland Sea Cadets and a bugle band through the city's main streets. Units were present from Welland, Crowland, Port Robinson and Fenwick, with Col. J. E. Colton in command. Major Melrose Dickie was adjutant.

Thumbing their way to the wide open spaces, Jack Benny and Phil Harris run into plenty of trouble on the range in Benny's newest vehicle, "Buck Benny Rides Again," which Paramount is presenting tomorrow at the Capitol Theatre.

Press Says B.E.F. Not in Jeopardy

LONDON (CP) — The Daily Telegraph said in an editorial today after a review of the fighting in northern France that "on the cool estimate of the worst possibilities, the British Expeditionary Force is not in jeopardy."

Asserting "there is no reason for dismay," the Telegraph said that whatever may result from the fighting at Boulogne, the Allies would still have other lines of supply through Calais, Dunkerque, Ostend and Zeebrugge.

Bombing of these ports may be expected, but "we need not anticipate any near danger of the failure of supplies," the Telegraph declared.

The Times editorial drew two implications from Prime Minister Churchill's reference to the "implications of a serious character" arising from the attack on the channel ports.

It said this thrust must be withstood at all costs, and that measures under way in Britain to prevent any surprise and disorganization by raiding forces should be completed without a moment's delay.

Here to attend a Legion convention, whose agenda contains resolutions demanding action to curb "fifth columnist" activity. Brigadier Foster said the delegates were "extremely gratified to hear the announcement."

Many ready MONTREAL (CP) — Expressing gratification at a government announcement of formation of the Veterans' Home Guard, Brigadier W. W. Foster, D.S.O., of Vancouver, president of the Canadian Legion, said, "There are plenty of men registered and available to put the scheme into immediate action."

Here to attend a Legion convention, whose agenda contains resolutions demanding action to curb "fifth columnist" activity. Brigadier Foster said the delegates were "extremely gratified to hear the announcement."

BRUSSELS ART TREASURES MISSING

PARIS (AP) — Thirty truckloads of art treasures, including paintings by Rubens, Rembrandt and Van Dyck, are missing, it was disclosed today, after being spirited out of Brussels during the German invasion.

The priceless treasures were taken from the Brussels Museum and placed in trucks which set out for France over the bombed and refugee-tangled roads of Belgium.

They departed before the fall of the Belgian capital a week ago today, but have not been heard from since.

SEYMOUR HICKS FLAYS DODGERS

LONDON (CP) — Britons "galantly facing the footlights in New York and great American cities" were criticized today by Sir Seymour Hicks, actor-producer, who is head of the organization charged with providing entertainment for the troops, in a letter distributed to the press.

Sir Seymour asked what the position of British subjects of military age who "deliberately are staying away from England for the duration" would be "when Britain wins the war."

He added it should be explained "quite plainly when they arrive in England on Armistice Day whether they are to be fined, imprisoned, or welcomed with open arms as charming prodigal sons."

Sir Seymour said he mainly was concerned with the future of "those of my own profession who at present are making a new film in Hollywood called 'Gone With the Wind Up'."

Flame-throwing Tanks Discarded

PARIS (AP) — The German columns which are crunching to the English Channel through a 30-mile corridor have discarded the flame-throwing tanks which they used to cut through the fortifications of the Meuse River in northern France last week, military reports said today.

Instead, they are using tanks equipped with machine-guns. The flame-throwers had a 70-yard range.

CAR ADJUSTERS' OFFICES RAIDED

EDMONTON (CP) — Records of the three Edmonton insurance adjusters' agencies and most of the large garages in this city were confiscated by Royal Canadian Mounted Police officers last night. It is understood similar action was being taken in Calgary and Lethbridge.

Insurance adjusters' offices raided by the police were Brewster, Cross and Taylor, Lilley Adjustment Agency and Day and Milroy, and most of the large garages in the city where repair work is carried out by automobiles following accidents.

Purpose of the raid is believed to be an investigation of adjusters' claims and garage bills, which are settled by the insurance companies.

LETHBRIDGE (CP) — Police today raided the offices of Lilly and Bodard Adjustment Agency, Baulm Motors and Pyramid Motors and confiscated the books of the three firms.

He told his press-conference that Congress would be asked for a supplementary appropriation to handle the pilot training program.

In contrast with the large expansion contemplated in flier training, the President noted that in the present fiscal year, ending June 30, basic training would have been provided for 10,000 individuals.

George O'Neil, Scenarist, Dies

LOS ANGELES (AP) — A cerebral hemorrhage today caused the death of George O'Neil, 42-year-old playwright and Hollywood scenarist.

He succumbed in a hospital after being found in a critical condition in a downtown park late last night.

O'Neil, well-known in film circles, collaborated in the writing of numerous productions for major studios. Among these were "Intermezzo," "A Live Story," "Magnificent Obsession" and "Sutter's Gold."

R.A.F. Fighters Hit 45 Nazi Planes

LONDON (CP) — Royal Air Force fighter planes yesterday shot down 20 German planes and damaged 25 more, the Air Ministry announced today. The British lost eight planes.

A later statement dealing with the German planes damaged said "under conditions now prevailing in northern France there can be little doubt that most of these damaged aircraft were lost."

Fire in Dawson

DAWSON, Y.T. (CP) — Fire of undetermined origin last night damaged the office of the Dawson News before fire-fighters could extinguish the blaze. No other buildings were endangered.

The fire followed by 24 hours another outbreak that destroyed the old Orpheum Theatre and adjoining Yukonia hotel.

Many in U.S. Urge Help for Allies

By the Canadian Press

From scattered parts of the United States and Canada come declarations by United States individuals and organizations urging support for the Allies, showing what might have been meant by Alfred Duff Cooper, British Minister of Information, who said in a speech yesterday that "opinion in the United States is rising."

WASHINGTON — Senator Claude Pepper urged the Allies be sent "goods, money and airplanes."

LOUISVILLE, Ky. — Civic and industrial leaders, announcing a "pro-Allies" rally, urged repeal of "all neutrality legislation that stands in the way of giving the Allies all the help in our power."

EMPORIA, Kas. — Mayor Florella LaGuardia of New York, accepting membership in a committee to aid the Allies, said: "I am for selling France and England all the planes they want at a discount."

NEW YORK — Henry Breckinridge, former United States Assistant Secretary of War, said the United States "should declare war on the Nazi as a mortal enemy of mankind."

NEW YORK — Twenty-seven Protestant clergymen, educationists and lay leaders urged immediate moral and material support to the Allies.

TORONTO — Daniel Roper, former U.S. Secretary of Commerce and former Minister to Canada, said supplies of all kinds should be sent to the Allies in every possible way; U.S. laws preventing their purchase on credit should be repealed.

NEW YORK — Dorothy Thompson, returning from a trip to Europe, in her column in the New York Herald Tribune called for the "most rapid delivery" of weapons to the Allies "and the delivery of what we have now."

NEW YORK — Second Corps area of the Military Training Camps Association adopts resolution recommending "immediate and concrete measures, including sale of army planes, to Britain and France."

ROOSEVELT PLANS PILOT TRAINING

WASHINGTON (AP) — President Roosevelt disclosed plans today to give basic training as pilots to 50,000 men in the 12 months beginning July 1.

Through the civil aeronautics authority, he said, three months of primary training in flying will be provided. While not all those who take the course will be finished material for the army and navy air forces, the President asserted, they can be incorporated in various reserves.

He told his press-conference that Congress would be asked for a supplementary appropriation to handle the pilot training program.

In contrast with the large expansion contemplated in flier training, the President noted that in the present fiscal year, ending June 30, basic training would have been provided for 10,000 individuals.

George O'Neil, Scenarist, Dies

LOS ANGELES (AP) — A cerebral hemorrhage today caused the death of George O'Neil, 42-year-old playwright and Hollywood scenarist.

He succumbed in a hospital after being found in a critical condition in a downtown park late last night.

O'Neil, well-known in film circles, collaborated in the writing of numerous productions for major studios. Among these were "Intermezzo," "A Live Story," "Magnificent Obsession" and "Sutter's Gold."

R.A.F. Fighters Hit 45 Nazi Planes

LONDON (CP) — Royal Air Force fighter planes yesterday shot down 20 German planes and damaged 25 more, the Air Ministry announced today. The British lost eight planes.

A later statement dealing with the German planes damaged said "under conditions now prevailing in northern France there can be little doubt that most of these damaged aircraft were lost."

Fire in Dawson

DAWSON, Y.T. (CP) — Fire of undetermined origin last night damaged the office of the Dawson News before fire-fighters could extinguish the blaze. No other buildings were endangered.

The fire followed by 24 hours another outbreak that destroyed the old Orpheum Theatre and adjoining Yukonia hotel.

shot down or are missing, while four others made forced landings.)

"At Narvik, the air force successfully raided compact ground targets such as tent encampments, mule columns, troop concentrations and disembarkations."

"One enemy chaser was shot down."

"One cruiser and one transport were damaged by bomb hits. (These claims were not confirmed in London.)"

"Last night the opponent again made flights over western and southwestern Germany, repeating aimless bomb droppings on nonmilitary targets."

COLWOOD GOLF
Mrs. James McIlraith led a division in the May medal competition held at the Colwood Golf Club with a card of 87-6-81. Mrs. R. L. Pocock was the winner in B class with 106-19-87. In the par competition, Mrs. J. Macfarlane finished all square to head the list.

88th Battalion Holds Reunion

Speakers Want More Enlistments

It was just 24 years ago last night that the 88th Battalion departed from Victoria and joined other units of the Canadian Expeditionary Forces to engage the Germans in the front lines on the battlefields of France.

There were 1,150 young, adventurous, patriotic sons of Canada and the British Empire in that battalion of crack infantrymen, all eager to come to grips with Fritz—and men who contributed much to winning for Canadian soldiers the title of being "great fighters."

Today the population of the battalion is much depleted. The war took a heavy toll. Some died as a result of wounds after the conflict and during the years from the end of the war to the present time others have met death by natural causes.

But the remnants of this fine bunch of fighting men, despite the conspicuousness of white and grey hairs and war injuries of many sorts, are eager to get back in harness and tackle the foe again on the fields of Flanders where their comrades lie beneath the sod.

That was clearly evident last night when 118 of them met for their annual reunion banquet in Spencer's dining room, to renew friendships and express fervent wishes that they were young enough again to take up arms.

There was a strong feeling that the British Empire would once again triumph—and a hope that the new Canadian soldiers would maintain the fine reputation the soldiers of a score or more years ago brought to the Dominion.

It was a gay evening of toasts and songs, with visitors being present from Port Alberni, Courtenay, Salmon Arm, North Vancouver, Nanaimo, Duncan, Vancouver, Merritt, Sidney, Salt Spring and Gabriola Island.

While it is true that the majority of the remnants could not qualify for overseas service today—youth being in demand—chairman, Ernie W. Maynard, regiment sergeant-major in the last war, was proud to point out that several in attendance had qualified. Eight members were again sporting khaki, he said, and two had qualified for the air force.

WANT MORE ENLISTMENTS.
The necessity to encourage young men of Canada to enlist and help the Empire win the war, was voiced by several speakers during the evening, especially by Carew Martin, proposing the toast to the Empire and H. Despard Twigg, responding, "It is a mystery to me why there are only three Canadian divisions in sight for overseas service," said W. Sharpe in his toast to the forces. "Australia, a more sparsely populated country, has already dispatched her seventh division."

Mr. Martin declared that at the present time the Empire was fighting for its very existence against the mad dog of Europe, supported strongly by his regime and people, whose aim was domination of the world. "We must buck right down and do everything we possibly can to save the Empire, and what's more the world. If this man wins, the consequences will be terrible," he said, adding he would like to see more young men answering the call to the colors. Mr. Twigg spoke of the indifferent attitude of the young Canadian in this war, and scored the lack of movement to stir up his patriotism. "The youth should be awakened and shown their duty to the Empire," he declared.

Col. J. R. Kington proposed the toast to honored guests, Leslie Scott, a next-of-kin of a member of the battalion, responding, A. E. Gibbs gave a fine review of the history of the battalion, and Arthur Henry, a blind veteran, proposed the toast to the battalion and Thomas B. Dempsey responded. J. M. Grant responded to the toast to the forces. At 11:30 the battalion marched

to the cenotaph and paid its respects to fallen comrades by placing a wreath on the memorial. A. D. Crease, A. K. Hine and G. A. Dyson took part in the ceremony.

Entertainment during the evening was provided by William C. Bryson, W. Edgington, H. Clear, A. Weatherill, Arthur Henry, George Wilson, George Edwards and Percy H. Walker. Russell, Sneddon, secretary-treasurer, gave his report. Silent tribute was conducted by George Turner.

The entire cost of the department of munitions and supply is taken out of the war vote.

The minister explained that in the case of salaries some reductions had been possible in transferring officials from civil posts to those in war activities and accordingly under the war vote. The Foreign Exchange Control Board under the Bank of Canada is self supporting through control of exchange.

The better business enjoyed by the railways is indicated in the estimated deficit for the Canadian National Railways, placed at \$15,000,000. Last year it was \$43,750,000.

Principal increases shown in the estimates are: Interest on public debt, \$9,045,352; old age pensions, \$791,700; war veterans' allowance, \$800,000; post office, air and land mail services, \$1,859,827; operation of railways and airports under the Department of Transport, \$395,361.

The net decrease of \$77,217,783 is the extent to which the decreases effected in other services exceed these increases.

Principal decreases, by department, are: Agriculture, \$4,827,000; fisheries, \$1,260,000; labor, mainly decreased requirements for relief, \$12,170,000; mines and resources, \$6,567,000; public works, \$17,916,000; Royal Canadian Mounted Police, \$1,300,000; trade and commerce, \$1,001,000; transport, ordinary, \$7,669,000; transport, capital, \$4,167,000.

ALAN ROPER NEW HI-Y PRESIDENT

The annual meeting of the Victoria Boys Hi-Y was held at the home of the president, Ken Wills, 1231 Fairfield Road.

The main business was the completion of arrangements for the annual student-teacher banquet to be held next Wednesday. It is held to promote a closer friendship between students and their teachers, each boy drawing the name of the teacher he is to be host to. The banquet is under the direction of the Victoria Hi-Y, but members of the two clubs at Mount View and Mount Douglas high schools will also be in attendance.

The election of next year's executive took place. Alan Roper will succeed Ken Wills as president and the remainder of the executive will be: vice-president, Robin Wood; recording secretary, Bob McDonald; corresponding secretary, Ernie McCoy; and treasurer, Gordon Lott.

The club has experienced a very successful year and the retiring president thanked members for their support. A vote of thanks was moved by the president to H. D. Dee, the club's adviser to the club. At the conclusion of the business a social time was enjoyed.

Deserters Declare Nazi Losses Enormous

LJUBLJANA, Yugoslavia (CP)—Germany has been transformed into a vast military hospital since the start of hostilities in the west, according to 17 German deserters, including two officers, who crossed the Yugoslav frontier near Mount Ribur. The men were disarmed and interned.

The deserters said they had heard that Colonel-General Wilhelm Keitel, chief of staff of the German high command, had been relieved of command in Belgium and Holland and that the public had been led to believe he had been wounded in action.

They said the losses suffered by the Nazis in the drive were "unimaginable" and that they were deserting in order to escape being sent to the western front.

Hon. W. B. Nantel Dies
ST. JEROME, Que. (CP)—Hon. W. Bruno Nantel, 84, revenue minister in the cabinet of Sir Robert Borden from 1911 to 1914, and one-time Conservative member of Parliament for Terrebonne, died here yesterday after a short illness.

Mr. Nantel resigned his cabinet post in 1914 when he was appointed chairman of the Board of Railway Commissioners, a post he held until his retirement in 1924.

War Costs Paramount

Ottawa Slashes Government Costs

OTTAWA (CP)—As Canada turns its whole energy to the war effort, the main estimates for ordinary governmental purposes have been slashed by \$77,217,783.

Estimates tabled by Hon. J. L. Ralston, Finance Minister, in the Commons yesterday evening and covering all requirements except the war total \$448,055,805 and the minister announced he did not expect any supplementary or special estimates.

"Public works will have to take a holiday," the minister explained. "Not only will there be no new works, but many works already started will be discontinued."

The minister expressed the hope in a press interview that the public would readily put up with the inconvenience in these critical times resulting from dropping public work projects.

DEFENCE DEPARTMENT

The only national defence expenditures provided for are those for purposes "other than war." These estimates amount to \$276,476 compared with \$63,000,000 in the 1939-40 estimates.

Decreases in the estimates are recorded in all but seven of the government branches for which appropriations are made.

The estimates do not include the war effort expenditures, which are covered by the \$700,000,000 resolution now before the house. Additional expenditure on the Royal Canadian Mounted Police is also taken out of the war vote.

The entire cost of the department of munitions and supply is taken out of the war vote.

The minister explained that in the case of salaries some reductions had been possible in transferring officials from civil posts to those in war activities and accordingly under the war vote. The Foreign Exchange Control Board under the Bank of Canada is self supporting through control of exchange.

C.N.R. DEFICIT LESS

The better business enjoyed by the railways is indicated in the estimated deficit for the Canadian National Railways, placed at \$15,000,000. Last year it was \$43,750,000.

Principal increases shown in the estimates are: Interest on public debt, \$9,045,352; old age pensions, \$791,700; war veterans' allowance, \$800,000; post office, air and land mail services, \$1,859,827; operation of railways and airports under the Department of Transport, \$395,361.

The net decrease of \$77,217,783 is the extent to which the decreases effected in other services exceed these increases.

Principal decreases, by department, are: Agriculture, \$4,827,000; fisheries, \$1,260,000; labor, mainly decreased requirements for relief, \$12,170,000; mines and resources, \$6,567,000; public works, \$17,916,000; Royal Canadian Mounted Police, \$1,300,000; trade and commerce, \$1,001,000; transport, ordinary, \$7,669,000; transport, capital, \$4,167,000.

Italians Told 'Our War' Coming

ROME (AP)—Members of the Fascist university youth organization who assembled in Turin today for a series of sports contests were told the games were taking place "on the eve of our war" in a message from Guido Pallotta, vice-secretary of the organization.

The message said: "From Turin we will leave for the last war of liberation, which will break the chains still imposed on the country, will open the gates of Gibraltar and Suez, and again will name the Mediterranean our sea."

Italians call the Mediterranean "Mare Nostrum"—our sea. Shipping circles here stated that the scheduled sailing of the Italian liner Rex from Genoa May 29 had been postponed to June 12. Line officials said they did not know the reason for the postponement.

It was recalled sailings of Italian liners were postponed at the outbreak of the war last September until it became apparent Italy was not entering the conflict immediately.

It was 25 years ago today Italy declared war on the Austro-Hungarian empire and the country finds itself on the brink of participation in a second great war, but this time ready to fight on the opposite side.

Some Italians more than half expected Premier Mussolini to celebrate today's anniversary by announcing that Italy finally is ready to strike for attainment of her long-heralded territorial aspirations.

U.S. BOMB SIGHT CALLED MIRACULOUS

CAMP BEAUREGARD, La. (AP)—A "miracle" bomb sight, army officers believe, has given United States bombers more deadly accuracy than any plane pouring destruction over European battlefields today.

Praise for the device—a closely guarded military secret—came from officers at the army manoeuvres in western Louisiana, where the air force has concentrated 250 planes, including 116 bombers, in a demonstration to co-ordinate its work with ground troops.

One officer said the sight used in the heavy bombers which do their work from an elevation of, perhaps, 15,000 feet, is so precise that a "plane three miles up could almost drop its eggs in a barrel or knock your hat off."

Officers reported that a bomber flying at 14,000 feet and using the American instrument scored five direct hits out of six bombs dropped on the outline of a battleship in a field at recent manoeuvres at Fort Benning, Ga.

No Night Sailings

ALEXANDRIA (CP)—Allied authorities have tightened still further the restrictions governing the port of Alexandria, prohibiting vessels leaving after dusk.

French battleships and cruisers carried out manoeuvres off Alexandria yesterday, but most of the powerful Allied fleet stayed close to port.

Britain Sends Hoare to Spain

LONDON (CP)—Sir Samuel Hoare, veteran cabinet minister, was appointed today as ambassador to Madrid "on a special mission."

Sir Samuel, who has held many important cabinet posts under various prime ministers, including that of foreign secretary, was air secretary in the late Chamberlain government. He was dropped from the government formed by Winston Churchill.

An announcement today said Sir Maurice Peterson, present ambassador, was being selected for another post and Sir Samuel had been appointed "to proceed to Madrid as His Majesty's ambassador extraordinary and plenipotentiary on a special mission."

Sir Samuel was expected to arrive in Madrid next week. The nature of the "special mission" was not disclosed.

Authoritative quarters in Paris were quoted last night as stating the Spanish attitude toward the war was becoming defined more clearly and that, in contrast with that of Italy, it was one of strict neutrality.

Reports said Spain had taken steps to prevent any sudden occupation of the strategic Balearic Islands by any of the belligerents.

The Spanish press, in contrast to that of Italy, has been reporting the Allied and German points of view and publishing their communications side by side.

Canadian Air Casualties

WINNIPEG (CP)—Pilot Officer Curran S. Robinson, Royal Air Force flier, who is reported missing, was born in Winnipeg 24 years ago, a son of Mr. and Mrs. Harold M. Robinson. He left for England in June, 1938.

Byron Angus of Winnipeg reported he had received a cable from the British Air Ministry telling him that his brother, Flying Officer Allan B. Angus of the Royal Air Force, had been killed in action.

Flying Officer Angus was born in Winnipeg 22 years ago, a son of Mr. and Mrs. Benjamin Angus, now living in McCreary, Man.

ORGANIZATION OF FORMER AIRMEN

Officials of the Comrades of the Royal Air Forces Association, an organization for helping airmen of the Empire in their work and play, are trying to get in touch with officers and airmen who have served and are serving with the air forces of the British Empire, and who are now living in Victoria. The object of the association is to organize a branch in the city.

The aims and objects of the association, which are nonpolitical, are to link all who have served and are serving in any branch of His Majesty's air forces.

Those who wish to join can obtain information at most R.A.F. stations, where a correspondent of the association will give information regarding the C.R.A.F.A., and inform applicants how to get in touch with the secretary of the nearest branch from home. The nearest branch from Victoria is, 675 Dunsmuir Street, Vancouver.

A letter sent out recently by the C.R.A.F.A. urged the members to advocate the building of warplanes in Canada instead of in the United States.

Criticizing the recently published news item, in which it was stated that a further order of \$200,000,000 had been given to U.S. airplane factories, the association said that there were many skilled men and potential resources in Canada necessary for such a project. The fact that the Empire training scheme and the value of self-sufficient training would benefit the war effort, the association asked that the government take immediate steps to build warplanes in Canadian factories.

\$1.75 for Relief

BIRMINGHAM, Ala. (AP)—Red Cross headquarters here received a small package. It contained \$1.75 in small coins and a note which read:

"Please accept this money for relief of the little children who are suffering on account of the war in Europe. It is the savings of little Sonny, who died and left us Monday."

The note was unsigned.

John Bull's Warning

ADOLF HITLER MAY FEEL LIKE A little extra boasting over his temporary successes on the northwestern French shoreline as British peoples celebrate this Empire Day. And the hierarchy at Berlin no doubt is beginning to believe that the destruction of the hearts of the British and French commonwealths is only a matter of weeks or even days. This should be the time for the Nazi chief to beware, to recall a few historical facts, and prepare for that "last stand" which often has been the forerunner of victory for those whose cause is just. For the Allies at this stage evidently are fighting with their backs to the wall. They know the worst—and require the exercise of but little imagination to remind them of what defeat would mean. They may be more sorely pressed than they are as this is written; Hitler may yet be able to boast of an achievement which died a dream when Napoleon beat his last retreat; Nazi soldiery may disturb the serenity of the English countryside; the chalk cliffs of Dover may yet be saturated with blood; but the soul of Britain, like the soul of France, is imperishable.

As he paced the sands of Boulogne—the same Boulogne that is now in the hands of the enemy—Napoleon is reputed to have said that he could think of many ways of getting into England but not even his elastic imagination helped him to suggest a way out. The Nazi Fuehrer may order his paratroopers to scatter themselves over the coast of East Anglia. They may drop at vital points along the Thames estuary. Those who escape from their precarious means of transport alive may do minor or even serious temporary damage. But woe betide the invader who falls into the hands of the men and women who are defending all they have and are. Herr Hitler had better remember that the people of Britain may feel inclined to recall President Roosevelt's recital of Nazi machine guns raining death from the air at close quarters on those thousands of helpless victims, aged men and women and children, literally choking the highways and byways of France on their way from ravaged Holland and Belgium. British folk are not given to wanton brutality. It is not in them. But the newly-enlisted corps of "parashooters" may not find themselves in any mood to observe all the meticulous proprieties.

If the brutalitarian chief expects to find the inhabitants of the "light little isle" dismayed or in fear he will be merely displaying his lack of understanding of the British people. They are not likely to forget the heritage handed down to them through the years—those liberties which have made them strong and remain a staunch bulwark against the false ideologies on which an upstart tyrant has ridden to temporary power. They are accustomed to being considered soft and unimaginative; they admit the soft impeachment and rail at governments when it is often too late. But when the final test comes they invariably end up in top position. They are today—this day of Empire celebration, the anniversary of the birth of the great Queen after whom this city is named—in the valley, but not the valley of despair. They are firmly entrenched in the Valley of Resolution. What is before them, they understand; they know the truth. This is something to which they are accustomed; it is something with which they can deal and deal effectively. Today's resolve, as they hear the guns roaring across the Channel, is Hitler's final warning of what he must inevitably expect.

Double-cross Coming?

WHAT IS BEHIND AN ARTICLE which "Trud" of Moscow, organ of Russian trade unions, published yesterday? In striking contrast with the pro-Nazi tone of the Soviet-controlled press in recent days it tells its readers that if the war is of long duration, the "time factor" favors the Allies because of their huge resources—raw materials, and also "the economic backing of the United States." The newspaper also points out that "the productive capacity of the American steel industry is twice as much as Germany's... a war of exhaustion, prolonged for years, would serve in the Allies' favor."

Last August Joachim von Ribbentrop, the Reich's Foreign Minister, frantically appealed for Russian aid and obtained it in the form of the famous pact which put the relations between Berlin and Moscow on a "friendly" footing. Its intrinsic value to Hitler was in the assurance that if he could subdue Poland quickly he would be free to devote most of his military attention to the west. The events of the last 10 days no doubt have given Stalin furiously to think: If Hitler should subdue France what would there be to stop him from turning some of his legions eastward? The word of Herr Ribbentrop? Not likely.

The answer to the question in connection with the comment of Trud may be found in Russia's action in the Balkans if either Germany, Italy, or both, should move toward the southeast. Then again, of course, this little controlled-press stir in the Soviet domain is possibly the faint breeze that may develop into a tornado under circumstances which are not difficult to visualize. Josef Stalin may not love the democracies; but his sleep might be seriously troubled by the knowledge that an all-powerful Germany was about to gaze leeringly at him from over his western frontier.

Shades of a Trojan Hero!

EASY IS THE DESCENT TO AVERNUS! When Vergil thus described in his Aeneid the gentle slope down which Aeneas passed into the murky dwelling-place of the shades of the dead, he was not to know that before the 20th century was very old so-called statesmen would have discovered a similarly easy way to start country after country for the abyss, to swallow them up economically and politically by a fantastic but tragically real "blitzkrieg" process. We are brought up sharply against the procedure, if perhaps a little overdrawn, by one economist's view that the harmless-looking bilateral trade agreement often is responsible for the beginning of the "easy descent" of which we are all so familiar. He uses these nine points to illustrate the stages:

1. You sign a bilateral trade agreement.
2. The other country gradually extends its advantage, until suddenly you find it is taking all your export goods.
3. It uses only part of them, dumps the rest in the world market. The price plummets.
4. Gradually your currency goes all out of gear as a result of this dislocation of markets.
5. Now you are forced to adjust your currency to that of the partner in the trade pact, since you are far in its debt.
6. You are now merely a tail to the economic dog of the other country.
7. On one pretext or another the other country moves in with its army, looting your treasury of what gold is left.
8. Your standard of living is pushed down so that more and more of your products can be sent to feed the other country's war machine.
9. Enslavement and degradation.

In the foregoing is a warning and a guide. It is essentially, however, a call to the nations of the world to contemplate conditions, uncertain and irksome as they will be, after the present conflict has been brought to a conclusion. It is also obviously intended as a reminder that the whole economic structure of the world must allow itself to be subjected to an appraisal in the light of the stark realities of the day that, alas, is yet far off. This would appear to herald the death-knell of an element in the nations which fattens on that type of economic and political strife which inevitably spills over national boundaries.

Quite Surprised

RECENT ADVICES FROM TOKYO—where statesmen preen themselves on their cultural achievements and altruistic motives toward the Occidental world—express astonishment at the refusal of the United States to interfere with new Philippine immigration laws; and it may be that this astonishment is quite sincere.

That a large and wealthy country like the United States, having in its possession a smaller one, should actually relax its grip and prepare itself to grant greater rather than less freedom is in strange contrast with the policies of Japan and other nations at present worshipping at the shrine of the new cult of brutal totalitarianism. Similar is the equally genuine astonishment in Germany and Italy when a newspaper in the neutral United States prints something which ruins counter to the philosophy of the dictatorial mind. They protest to Washington, and do not quite understand that the State Department or the government in general has nothing to say about it, can do nothing. So far apart have drifted the two ways of looking at the relationship between people and their government, between great peoples and those of the smaller states.

Japan, of course, feels terribly annoyed when her government is told that her military commanders in China are depending more for their success in the field on their ability to debauch the Chinese soldiery and people with "dope"—made easily available by Nippon's modern type of conquest—than on strategy or fighting prowess. Small wonder, then, that her statesmen do not understand the evolutionary processes which are paving the way for Philippine independence in 1946.

Lindbergh says United States must not get into the war, but the question seems to be rather will the war get into the United States.

Neighborly Gesture

From Vancouver Sun
Sometimes we Canadians wonder whether our good neighbors the south appreciate the fact that we are their second best customers, buying from them far more than we sell. The other day we got an answer.

Down in San Diego the First National Trust and Savings Bank bought space at its own expense in the newspapers and published an advertisement urging Americans to "Visit Canada." The advertisement extolled our "beautiful scenery, marvelous fishing, courteous people." It reminded the Americans also that "Canada has always been one of the best customers of our country. Its people have long been the most substantial tourists in San Diego. The Canadian dollar is at a substantial discount, an added inducement to the traveler from the United States."

This is neighborly reciprocity in the best sense. It reflects the spirit that has kept the two countries friendly for so long, and it will help to swell the great tide of tourists who will come north this summer, with valuable American dollars in their pockets. We, as their hosts, cannot very well tell them how important our country is to their whole economy and future prosperity, but it is encouraging when the Americans tell themselves.

Parallel Thoughts

Blessed is the man, that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful.—Psalm 1.
It is only great souls that know how much glory there is in being good.—Sophocles.

Elmore Philpott

FIFTH COLUMN IN CANADA

THE ARREST of a British Conservative M.P. on suspicion of "Fifth Column" activities should wake us all up in Canada to our danger here. Hitler has raised the business of organized wholesale treachery to the rank of a science. If we want to help save what is left of the free world we have a real job right here at home. We must take effective steps against the persons already enlisted in any adjunct of the Nazi war machine. We must take preventive steps to see that any further such attempts are made, if not impossible, then a lot more difficult, and extremely dangerous.

To understand what we have to do we have to analyze the exact composition of what is called the "Fifth Column"—that is, the camouflaged organizations and persons who are co-operating with the Nazis in the attempt to complete the nihilist world revolution.

These include:

1. Out-and-out German secret service operatives, or plain spies, who operate for the Germans as they do for the governments of all other great powers, including Britain and the United States. An example of such persons is Von Ribbentrop, the present Nazi Foreign Minister, who was in Ottawa when the last war broke out, and who previously had the free run of Rideau Hall and other high social circles there, ostensibly as an aristocratic young German who earned his living selling champagne.

2. Members of out-and-out Nazi organizations which operate in Canada and the United States on a very considerable scale—openly in the States and mostly secretly here.

3. Members of other German organizations, which are not conscious Nazi agencies, but which are nevertheless often exploited for such purposes. Connected with these are numbers of Germans who have no particular love for Hitler, but have intense love for their Fatherland and might now be exploited by clever Nazi agents for that reason.

4. The Communist party, and its very considerable disguised adjuncts, which are co-operating with Hitler in this war, by weakening the war effort against him, simply because Stalin made his deal with Hitler last August. (At any moment Stalin may take another somersault and the Reds will follow along as ordered. Or Stalin may become an out-and-out ally of Hitler.)

5. The fifth category is the hardest to classify. It includes some people who have sold their souls to the devil for a monetary consideration. It includes ambitious traitors who see themselves as leaders in the new world set-up which would follow a Hitler victory. It includes rich people who once regarded the Nazis as the great world bulwark against Communism and social upheaval at home. (Some of these possibly got so entangled with the Nazis before the actual war that they may be having difficulty in freeing themselves from the Nazi clutches because the Nazis "have something on them.") It included also many honest folks who have got tied up with certain organizations which have had ties with Germany very different from what the dupes were told they were.

NOTHING COULD BE more stupid nor more grossly unjust than to suspect all Germans of being "Fifth Columnists." Even more stupid would it be to punish those of German descent—no more responsible for that than His Majesty himself, who is also of German origin.

But, in my opinion, Canada should immediately follow the Motherland's example and make the death penalty the price of trying to carry on Hitler's work here in Canada. If Britain had shot a few traitors a few months ago the enemy would not even now be stabbing at the very heart of civilization.

THIS ENGLAND

The men who bear for England the rigor of defence,
Has each within his depth of heart a treasured memory whence
The land he trod with careless feet becomes a precious place.

The verdant hills and woods of home take on a dearer grace.
Every oak is sacred and every field is good
For on the earth of Britain the feet of heroes stood.

Heroes of plow and furrow, heroes of forge and byre,
Men from hardy moorland, lads from leafy shire.

To each the scene of boyhood seems more in beauty dressed,
Paths that wind thru' beeches, turf his feet have pressed.

Ferns that cling to ledges he sought in schoolboy days,
Rustling, reedy marshes where the water-fowl lays.

Some remember thorn-trees swarming white with bloom,
Nestled birds within them, shadow-quiet in gloom.

One recalls the wonder of the lonely fells by night,
Boy's long tramp of summer on the sky sweep of their height.

Another thinks of Maytime dreaming on the down,
Near meads of golden kingcups that border "Alfred's town."

All remember home things and keep them in their heart,
Since long before Armada such memories played a part.

When hard became the warfare and Britain smote her foes,
Within the breast of yeoman more firm his courage rose.

Close fought the English bowman steadied
—but his hand,
Stalwart sons of forebears bred on English land.
—Winchester. O. RODSTROM.

Left or Right

From Winnipeg Free Press

A section of the Conservative Party is bent on changing its direction—from the leftward turn which it has been taking in recent years back to the right, as of yore.

This movement involves criticism of Mr. Bennett's program of social reform, also of the party program adopted at the national convention at Ottawa two years ago, and of Hon. R. J. Manion, the present leader.

The convention of 1938 was "disappointing" to those who want the party to turn well to the right again. They want another convention before long to correct the situation.

The Montreal Gazette entirely agrees with Col. George Drew, Conservative leader in Ontario, when he says that the greatest political blunder the Conservative Party ever made was to imitate radicalism.

"Our people, and particularly our youth," said Col. Drew, "must know it is the Conservative Party before they support it. We must make it clear that we stand by the principles we have inherited. We must emphasize that this will be our course year in and year out. This is the whole situation in a nutshell. It means that if the Conservative Party does not turn back to the right its occupation is gone. By attempting to sandwich in between the Liberal Party—which is Conservative in practice—and the extreme radical groups, it can get nowhere; it will be pincered out of existence."

Col. Drew and the Gazette also agree that the Conservative Party should declare its loyalty, not only to the King but also to the British Empire. There is an implied rebuke here to those Canadians who hold, as did the late Lord Tweedsmuir, that they should be loyal to Canada before anything else.

What are the "radical" tendencies in the Conservative Party that are complained of? The national convention two years ago declared against railway unification and in favor of such things as national unemployment and retirement insurance, a self-liquidating housing program and support for the co-operative movement. Dr. Manion was steadfast in opposing railway unification, but Col. Drew has taken part in the campaign in Ontario in favor of unification.

The Conservative Party, which contains many members with a progressive outlook, will have an important decision to make when the right wing tries to have its way.

QUEBEC CAN'T AFFORD A FINANCIAL ISOLATION

From Toronto Telegram

Montreal Le Jour, edited by Jean Charles Harvey, which recently "denounced the sophistry of Father Archaubault concerning 'buying at home,'" continues in the same strain in discussing an article in Realities Canadiennes-Francaises, of Levis, Que. This new publication argues that French-Canadians should take life insurance from Catholic and French-Canadian companies only, pointing out that of \$61,494,549 paid in premiums on life policies only about \$4,000,000 are to French-Canadian institutions; or on all types of insurance, only about \$6,000,000 out of \$87,000,000.

Says Le Jour: "If we admit the ridiculous principle that we must do business only among ourselves, the Canadians of French speech, we shall not have to wait long to see the principal sources of French-Canadian revenues dry up. We shall soon be public in the study of this question, and we shall prove without difficulty that we are in no position to refuse capital of any origin—be it Anglo-Canadian, English or American. If we refuse this capital one day we shall all starve to death. Even if we kept for ourselves all the 'Laurentian' capital we should be obliged to endure such privation that we should end up in the eyes of the world, as miserable as cows coming from the barn in spring, after having been fed on straw all winter."

CITY TRANSPORTATION

From Toronto Star

The substitution of one-man street cars for the two-man type, and the substitution of buses for street cars in certain phases of operation is reflected in the annual report of the Canadian Transit Association (electric railway operators) which says: "In 1939, of the total vehicle miles operated in city services, 48.3 per cent was by a one-man car, 25.3 per cent by two-man cars, 1.4 per cent by trailers and 22 per cent by buses." In many smaller cities, of course, there is no longer an electric railway, buses having replaced it.

MEN'S WORK BOOTS with panto or leather soles, toe caps and plain toes. Sizes 6 to 11. Pair. **\$2.95**

THE ECONOMIC CONSEQUENCES

From New English Weekly (London)

The economic consequences of this last extension of the war will be tremendous. Denmark will be plundered of all the food supply she had been exporting to Britain, but this advantage to the Nazis will last only until the Danes have killed off the greater part of their livestock, which they will be unable to feed without imported fodder. A nation that is conquered by Hitler is reduced rapidly to a lower standard of living than that to which his own subjects are rationed, even if it is plundered off into downright slavery, a practice of barbarism which, this Viennese café-table-thumper is particularly ambitious to revive. The trade of Sweden must be almost extinguished. That of Norway is abolished at a stroke, and nearly all her merchant shipping and most of Denmark's will have been added to the tonnage available for transport to the Allied powers.

BOTH COULD BE BETTER

There are obviously two educations. One should teach us how to make a living; and the other how to live.—James T. Adams.

ENDURING HERITAGE

A man cannot leave a better legacy to the world than a well-educated family.—Thomas Scott.

Better English

1. What is wrong with this sentence? "I carried four armfuls of kindling."
2. What is the correct pronunciation of "quay"?
3. Which one of these words is misspelled? Negligee, necromancy, necessary.
4. What does the word "insensate" mean?
5. What is a word beginning with la that means "expressing grief"?

Answers
1. Say, "I carried four armfuls."

"The boys had their four arms full of kindling" is correct. 2. Pronounce kee, ee as in keep. 3. Necessary. 4. Marked by a lack of sense or reason. "He proposed an insensate project." 5. Lamentable.

Tea at Cedar Hill Aids Red Cross

A successful tea and sale of home cooking was held in St. Luke's Hall, Cedar Hill, on Wednesday afternoon under the auspices of the Mount Talmie Red Cross Unit. Over \$76 was realized, in addition to the receipt of several articles to be sent to the superfluity store. Mrs. P. Dawson, convener of the unit, opened the affair with a few words of welcome, and mentioned the work the unit has done since January. She was presented with a corsage of red and white carnations by Mr. J. Watson.

Mrs. J. Barracough was the general convener, and helping her were Mesdames Miller, Bissenden, Ostler, Harper and Kings. In charge of the home cooking and candy: Mesdames Brown and Yeates, superfluities; sale of ice cream by Mrs. Brooker; contest by Mrs. Trueman; and tea, Mesdames Rendle, Silver, Deems, day, Misses Dotell, B. Dawson and E. Raper. An iced fruit cake, donated by Molly's, went to Mr. C. E. Barracough, and a satin nightgown, donated by Mrs. H. Eastwood, to Mrs. C. E. J. MacLean.

Teacup readings were given by Mrs. Porteous. Musical numbers were rendered throughout the afternoon, those taking part being Miss Dorothy Drury, pianoforte solo; Norma Bissenden and Irene Hemming, pianoforte duets; Jackie Griffiths and Russell Atkinson, cornet duets; Miss Barbara Dawson and little Valerie Turnbull, vocal solos.

The thanks of the unit was extended to all those who helped, including St. Luke's for free use of their hall.

THE RED CROSS WORKSHOP

Popular Girl Becomes Bride at Pretty Wedding

Miss Eleanor Moffat
Wed Last Night
To Mr. Jack Lacey

St. Andrew's Presbyterian Church was transformed into a bower of flowers for the wedding last evening at 8 of Eleanor M. Moffat, only daughter of Mrs. E. M. Whyte, 345 Vancouver Street, and the late A. W. (Sandy) Moffat, to John H. (Jack) Lacey, eldest son of Mr. and Mrs. J. Lacey, 2651 Mt. Stephen Avenue.

The young couple stood beneath an arch of roses during the ceremony, performed by Rev. J. L. W. McLean, and standard baskets of pastel snapdragons and roses banked the platform and lectern. Posies of white carnations and roses, tied with white tulle, marked the guest pews. Miss Margaret Russell was at the organ, and during the signing of the register, Miss F. W. Hawes sang the solo "Through the Years."

Given in marriage by her stepfather, Mr. E. M. Whyte, the bride was a radiant picture in her princess gown of white silk moire, with sweetheart neckline and long tight sleeves, pointed over the hand. The back panel of the gown extended into a train. She wore a coronet of pearls caught at the back with a spray of orange blossoms, from which her diaphanous veil of embroidered silk net fell into double folds to the waist then singly to form a filmy second train. She wore the gold pendant studded with pearls and aquamarine drops given to her mother by her late father on their wedding day, and carried an all-white bouquet of stephanotis, carnations and sweet peas.

FOUR ATTENDANTS
Four attendants preceded the bride up the aisle. Miss N. Moffat of Nanaimo, cousin of the bride, wore a period style gown of rose taffeta, with fitted bodice, sweetheart neckline edged with cream lace, short puffed sleeves, and long full skirt, with a yellow tulle bow centred with rose flowers as a headress. In her lace mittened hands she carried a Colonial bouquet of early summer flowers. Miss Anne Adamson, the bridesmaid, was similarly gowned in buttercup yellow taffeta, with rose tulle headress centred with yellow flowers, and carried a Colonial bouquet.

The flower-girls, Lillian Lacey, sister of the bridegroom, and Lauretta Bunbury of Vancouver, cousin of the bride, both wore turquoise blue taffeta gowns fashioned similarly to those of the senior attendants, with square necklines, outlined with cream lace, and puffed sleeves of frilled turquoise taffeta, tied with silver bows, both carrying Colonial posies of early summer flowers.

Mr. Alfred T. Lacey supported his brother, and Messrs. Charles Turner and Samuel Taylor were ushers.

RECEPTION AT HALL

After the ceremony, Mr. and Mrs. Whyte welcomed a large number of guests at the S.O.E. Hall, Broad Street, which was profusely decorated with flowers. The young couple stood beneath an arch of flowers, with a white floral bell, flanked by baskets of gladioli, lupin and snapdragon. Mrs. Whyte received in a floor-length jacket gown of periwinkle blue lace over taffeta, with navy blue and periwinkle hat, navy accessories and an orchid corsage. She was assisted by the bridegroom's mother, in a floor-length jacket gown of rust net over taffeta, trimmed with rust taffeta, a beige hat trimmed with rust flowers and accessories to match, and a corsage of golden snapdragon and gardenias.

Supper was served from a table covered with a punchwork cloth centred with the square three-tiered wedding cake, made by the bride's uncle, Mr. J. Moffat, topped with bridal roses, and flanked with pink tapers in silver candelabra.

Out-of-town guests included Mr. and Mrs. A. T. Bunbury and Master Alex. Bunbury of Vancouver; Mrs. George Barbour, Vancouver; Mr. Gordon Holt, Nanaimo; Miss Betty Herbert, Seattle; Mr. and Mrs. R. Gaskill, with Dorothy and Jean, of Sequim, Wash.

After a honeymoon up-island, for which the bride left in a dress of heaven blue, with light navy coat, heaven blue hat trimmed with pink flowers, navy accessories and a corsage of white gardenias, Mr. and Mrs. Lacey will reside at 470 Kerr Avenue, Victoria.

CLOVERDALE UNIT

Resulting from the recent card party \$20 has been forwarded to headquarters by Cloverdale Red Cross unit. A special meeting will be held in the Welfare Rooms at 2 on Monday to plan a tea and to complete all work on hand.

In this family group of four generations is, right, the great-grandmother, Mrs. G. R. Twamley, 3351 Cedar Hill Road; grandmother, Mrs. Chas. Hastings, 2829 1/2 Cedar Hill Road; mother, standing at back, Mrs. Wm. McGregor, 2329 Howard Street, and baby, Loretta Rose McGregor.

Social and Personal

Mrs. Henry Littlefield of Everett, Washington, is visiting in Victoria with Mrs. Harriett Wright, Camosun Street.

Mr. Gordon Bell of Vancouver is spending the Empire Day week-end in Victoria with his parents Captain and Mrs. W. Bell, Foul Bay Road.

Miss Gwen Spencer entertained members of the Venture Club on Wednesday evening at her home on Cavendish Street. A ping-pong tournament was held, the winners being Miss Ruth White-oak and Miss Kay Davey. Those present were: The Misses Beatrice Ball, Kay Davey, Gertrude Day, Violet Day, Gertrude Durkin, Elsie Finlayson, Janet Graham, Maxine High, Florence Murken, Vivienne Nock, Louise Rogers, Marie Thomas, Ellen Varpey and Ruth Whitteak.

Mrs. Shirley Cann, Mrs. Trevor Fisher and Mrs. Tom Jones were joint hostesses at the home of the former, 1146 Hilda Street, at a shower on Wednesday evening in honor of Miss Doris Robertson, whose marriage will take place June 1 at St. Mark's Church. Upon her arrival the bride-elect was presented with a corsage of mauve sweet peas and cream rosebuds, and Mrs. Clark and Mrs. Robertson were each presented with a colonial bouquet. Miss Robertson was the recipient of a handsome trillium lamp. During the evening games were enjoyed. A buffet supper was served from a lace-covered table centred with a crystal bowl of pink roses and mauve sweet peas. On either side were crystal candelsticks filled with white and silver bell-shaped candles. The following guests were invited: Mesdames G. Robertson, R. Clark, G. Clarke, J. Cole, C. Jaffray, K. Simpson, R. Prendergast, H. Thompson, E. Edwards, J. Dinsmore, E. Fisher, P. G. Cudlip, F. Cullin, E. Surphill and J. Rennie, and the Misses Doris Robertson, Frances Cullin, May and Ella Beane, Jean McNaught, Jocelyn McGraw and Irene Cole.

In honor of Mrs. James McMichael, who before her marriage was Miss Gem Keown, about 30 of her former officers of Victoria Chapter No. 17, Order of Eastern Star, gathered at the home of Mrs. L. Batchelor, Fairfield Road, recently. The hostesses were the matrons under whom she had served, including Mesdames R. McKean, J. Thomson, W. Wiltshire, R. Steer, S. Neville and L. Batchelor. Mrs. McMichael was presented with a silver rose bowl filled with blue iris, baby pink gladioli and rose antirrhinum, and silver candlesticks with green tapers, also a corsage bouquet of pink rosebuds and lily of the valley. Following a number of amusing games, supper was served.

In honor of Miss Dora Lewis, whose marriage to Mr. Jack Anderson will take place early in June, Miss Doris Horne was hostess at her home, 243 Oscar Street, at a surprise shower. Upon her arrival the bride-to-be was presented with a corsage of red carnations, after which she was presented with a set of Rogers flat silverware. Games were played during the evening, the prize-winners being Dora Lewis, Doris Hooper and Violet Kendall. Guests included the Misses Dora Lewis, Mae Lewis, Joan Cowdery, Dolly Ward, Janet Williamson, Margaret Gore, Anne Cain, Mabel McLarin, Doris Hooper, Mabel Hoffman, Bonnie Ward, Violet Kendall, Thelma Anderson, Doris Horne, Anne Little, and Mrs. Horne. Refreshments were served after the games.

Portland Choir Here June 15

The Hinson Memorial Church Choir of Portland will give a concert in the First United Church on Saturday evening, June 15.

This choir is making a good will tour through Vancouver, Seattle, Bellingham, Tacoma and other towns in the northwest. Last year at the San Francisco Fair the Hinson Choir represented the State of Oregon, and the recitals given were well received. Their repertoire includes works by Handel, Bach, Cesar Franck and many present-day writers.

The director is Lauren B. Sykes, a brilliant recitalist. The program will include a number of organ solos by Mr. Sykes. The recital is being sponsored by the choir of the First United Church. A collection will be taken.

Weddings

NUTE-SLUGGETT

At the home of the officiating minister, Rev. C. D. Clarke, Raynor Avenue, last evening at 8:30, the marriage was quietly solemnized of Alma Evelyn, eldest daughter of the late Mr. and Mrs. John W. Sluggett, Brentwood Bay, to Thomas John William Nute, eldest son of Mr. and Mrs. Thos. Nute, 647 Niagara Street.

The bride, who was given in marriage by her uncle, Mr. Charles Brown, wore a beige dress with Camille jacket and accessories to match, and a corsage of red rosebuds. Her sister, Mrs. James Barnes, was matron of honor, wearing a dress of heaven blue, with accessories to match, and a corsage bouquet of pink rosebuds. Mr. Jack Easton was groomsmen.

After the ceremony, a reception was held at the home of the groom's parents. Mrs. Nute, wearing a blue dress with matching accessories, was assisted in receiving the guests by Mrs. James Fairall, a aunt of the bride, wearing a rose-colored gown, and accessories. Both wore corsage bouquets of rosebuds.

The young-couple received the felicitations of their many friends before a bank of flowers, standard baskets of early summer blooms being flanked by tall stands of ferns. The four-tiered wedding cake centred the lace-covered table, flanked with four silver vases of flowers, beneath the chandelier from which hung white streamers, tipped with rosebuds.

Out-of-town guests invited included Miss Eleanor Cameron, Matsqui, B.C., Mr. and Mrs. C. L. Endicott, Mr. and Mrs. H. Listman, all of Seattle; Mr. and Mrs. F. S. Elliott, Miss Maxine Elliott, Mr. Tom Elliott, Mr. and Mrs. E. Coleman and Master Bob Coleman, all of Vancouver; and Mr. C. Brown, Youbou, B.C.

Among the many gifts was a Kenwood blanket from the staff of the Times composing room, of which the groom is a member.

After a honeymoon in Vancouver, for which the bride donned a light beige flannel coat, Mr. and Mrs. Nute will make their home in Victoria.

BUTCHER-WITTER

Two well-known young people were principals at the quiet ceremony held last evening at 8:30 in the vestry of the First Baptist Church, when Ruth Marguerite, older daughter of Mr. and Mrs. H. B. Witter, 610 Linden Avenue, became the bride of Pte. Arthur Burdon Butcher, R.C.O.C., son of Mr. and Mrs. C. Butcher, 2331 Cranmore Road, Oak Bay. Mr. Witter gave his daughter in marriage, she looking smart in a black dressmaker model suit with dusty pink accessories, and a corsage bouquet of pink rosebuds and swansonia.

She was attended by her sister, Miss Mary Witter, in a frock of old rose crepe with white accessories, and a corsage bouquet of pink sweet peas and carnations. Lance Corp. Wm. Hunter, R.C.O.C., supported the groom.

After the quiet ceremony, a reception was held at the home of the bride's parents, Mrs. Witter receiving in a dusty rose crepe redingote with black accessories, assisted by the groom's mother, wearing a black lace gown with pink accessories, both wearing a corsage of pink carnations and sweet peas.

Early summer flowers were used throughout the reception rooms, and the supper table, with its wedding cake decorated with pale pink rosebuds and topped with a small vase of the buds, was centred with a low arrangement of pale pink carnations, sweet peas and rosebuds in a base of pale pink tulle, lighted with tall pink tapers in silver candelsticks.

For the honeymoon on the mainland, the bride donned a light beige top coat over her wedding ensemble, and on their return Mr. and Mrs. Butcher will make their home at 610 Linden Avenue.

MACINDOE-WRIGHT

At Christ Church Cathedral at 10 this morning, Very Rev. S. H. Elliott, Dean of Columbia, united in marriage Gladys Beryl, only daughter of Mrs. Harriett Wright, 1448 Camosun Street, and Mr. Robert Cather MacIndoe, only son of Mr. and Mrs. Robert Weir MacIndoe of Vernon.

The bride was given in marriage by her brother, Mr. Norman Wright, and wore a navy blue ensemble with hat to match in Scarlet O'Hara style and carried a bouquet of red roses and white carnations. Both the bride and bridegroom were unattended.

Following the service, a reception was held in the private room at Terry's, where Mrs. Wright welcomed the guests wearing a black and orchid ensemble. The bride and bridegroom will spend their honeymoon up the west coast, later making their home in Vernon.

Out-of-town guests at the wedding included the bride's aunt, Mrs. Henry Littlefield of Everett, Washington, and Miss Dorothy Acres of Vernon.

ANDERSON-BESCHITZA

A quiet wedding was solemnized last evening in the vestry of Centennial Church, between Mabel, eldest daughter of Mr. and Mrs. C. Beschizza, Vancouver, and Einar, son of Mrs. A. Anderson, Sweden, and Mrs. A. Anderson, Vancouver.

The ceremony was conducted by Rev. Dr. A. D. Reid. The bride, given away by her sister, wore a becoming afternoon frock of sheer turquoise, with white accessories and a corsage bouquet of yellow roses and lily of the valley. Miss Elsie Beschizza was bridesmaid in a turquoise sheer frock with white accessories. Her corsage was sweetheart roses and carnations. Mr. Henry Delmas supported the groom.

A reception was held later at the home of Mrs. C. Douglas, 2403 Douglas Street, for relatives and intimate friends. The bride's table was covered with a white Madeira cloth, centred by the three-tier wedding cake, with a crystal vase of carnations at either end.

The couple left on the midnight boat for a honeymoon trip to Vancouver and the interior. For traveling the bride wore a navy blue fitted coat over her wedding ensemble.

MCNEELY-KERSLAKE

The marriage of Vera Gwendolen, older daughter of Mr. and Mrs. A. W. Kerslake, Francis Avenue, and Sgt. Fred H. McNeely, R.C.C.S., younger son of Mrs. J. Hewlett, Vancouver, took place quietly in Metropolitan United Church at 7 last evening. Rev. A. E. Whitehouse, D.D., officiated.

The bride was given away by her father, and wore an afternoon jacket-frock of Monterey rose trimmed with powder blue, a blue hat and accessories and held a Colonial bouquet of roses, forget-me-nots and sweet peas. Miss Mary Smith was bridesmaid in a printed frock in fuchsia-tone sheen, worn with a navy blue straw hat, navy and white accessories and a corsage bouquet of roses and sweet peas. Sgt. David Jenkins, R.C.C.S., was best man.

A reception for relatives and a few friends was held later at the home of Mrs. Hillier, 1129 Empress Avenue. The supper table was covered with a lace cloth and centred with the wedding cake, standing between pink tapers in silver holders and vases of white sweet peas. Mrs. Kerslake received the guests in a grey and navy blue ensemble with a corsage bouquet of roses and lily of the valley, assisted by Mrs. Hewlett, in navy and Queen's blue and a corsage bouquet of Talisman roses.

The bride left for the honeymoon up-island in a light blue wool coat over her wedding dress. On their return, Sergeant and Mrs. McNeely will reside in Victoria.

McCANN-LUCAS

A quiet wedding was solemnized last evening at Fairfield United Church, when Rev. Norman J. Cress united in marriage Dorothy Alma, elder daughter of Mr. F. B. Lucas, Kelowna, B.C., and Mr. George McCann, only son of Mrs. C. McCann, Inlet Avenue, Victoria.

Mr. and Mrs. McCann will make their home in Victoria.

DAUGHTER BORN TO Romanoff Scion

SAN FRANCISCO (AP)—The Princess Natacha, former Russian noblewoman and wife of Prince Vasili, San Francisco hotel executive, gave birth yesterday to a daughter.

The child, which was named Marina, was hailed by the White Russian colony here as a potential heir to the nonexistent throne of Russia.

Natacha, daughter of Prince and Princess Galitzin, entered the maternity hospital several days ago under the name of "Mrs. V. Romanoff."

The father is the son of Grand Duke Alexander of Russia, and the late Czar Nicholas II's sister, Grand Duchess Xenia.

Prizes for Dancers

At the Blanshard Street Bazaar this evening at 8:30, in connection with the May 24 celebrations, the opening dance will be an old-time waltz, the winners of which will receive valuable prizes.

Cash prizes are being offered for the fancy dress and comic events in the parade starting from the Central School on Yates Street at 7. Entries will be accepted at the parade.

I.O.D.E. Make Plans For Ambulance

A proposal to purchase, equip and staff a motor ambulance for overseas service was discussed by the Municipal Chapter, I.O.D.E., at its meeting last night in the headquarters. The matter will be referred to the primary chapters for their consideration. Mrs. K. C. Symons, the regent, presided, and 10 chapters were represented.

Plans were made for Alexandra Rose Day, on June 22, and chapters were assigned to special corners. Municipal Chapter will have charge of the arrangements, and the funds will go toward child welfare work. Mrs. F. Beckett, educational secretary, spoke of the valuable assistance given to isolated families, and asked primary chapters to send in lists of adopted schools.

Mrs. A. M. Pillar reported 71 new subscribers to Echoes magazine. Mrs. F. X. Russell thanked the standard bearers for their co-operation at yesterday's service. A rehearsal for the intercession service to be held on Sunday at St. Andrew's Presbyterian Church, at 11 a.m., will be held tomorrow at 11:15 a.m.

Mrs. J. L. Gates, war convener, made an appeal for old kid gloves to be used in making jackets for men in the naval service. Mrs. J. Quinn asked for donations of magazines. Mrs. H. D. Parizeau was appointed convener of the endowment fund. A report was given of the Empire Day service, which had been largely attended.

Mrs. R. C. Symons gave a report of the Empire Day luncheon held at Terry's and attended by 80 members, when she spoke on Empire Day. A request for a flag for the First West Victoria Girl Guides was received from Mrs. Midgley, commissioner, and the Florence Nightingale Chapter and Mrs. Symons undertook to provide the company with the flag.

A letter was read from Mrs. G. P. Clarke, formerly of Victoria, who is attached to the W.R.N.S. in England.

An appeal made for the upkeep of soldiers' graves. Mrs. G. Mellor reported two families on the child welfare milk fund. Municipal Chapter will continue its meetings throughout the summer.

LAKE HILL UNIT

A general meeting of the Lake Hill Red Cross Unit will be held on Monday afternoon at 2:30. Members are requested to attend, as final arrangements will be made for the silver tea and home cooking stall to be held on Wednesday, June 12, at Mrs. R. H. Snape's, 1140 Tattersall Drive.

ST. ANN'S STUDENTS AT FAREWELL TEA

Tuesday afternoon Grade 11, St. Ann's Academy, held the annual tea in honor of the matriculating students. Miss Margaret Turner, president of the entertaining class, gave a resume of the accomplishments of the graduating girls during the past 12 years and bade "God speed" to those completing high school.

Before the tea, which was carried out in an Hawaiian motif, each of the student guests was presented with a corsage and souvenir lei. During the tea, Miss Mary Armitage read the prophecies for each of the Grade 12 students, and Miss Sheila Dagr, president of the Grade 12 class, responded with the "last will and testament of her class."

Musical entertainment was supplied by Miss Joyce Marie Hicks, piano solo; Miss Elaine Busanta, vocal solo; and Miss Ursula Hills, piano solo. Mother Provincial, Sister Superior and Sister Mary Dorothea, prefect of studies, who were among the honorary guests, congratulated the graduating class and expressed the hope that the girls of Grade 12 would carry on successfully the traditions of the Alma Mater in the future as they had done in the past. The tea concluded with the National Anthem.

Cheese Prices Set

LONDON (CP)—The ministry of food has issued an order effective May 27 fixing a maximum retail price for Canadian cheese manufactured in 1940 at 1 shilling a pound.

The same price will prevail for Australia, New Zealand, South African and Irish cheese. Maximum prices for home-produced varieties will range from 1 shilling 4 pence to 1 shilling 2 pence.

CATHEDRAL A.Y.P.A.

The Cathedral A.Y.P.A. met on Wednesday in the Memorial Hall. Miss Kilsby thanked her committee and those who participated in making the Penny Fair a success. Miss Howland informed the members of the Local Council picnic to be held July 1 at Rose Bank. Dean Elliott announced his intention of organizing a junior A.Y.P.A. A very enjoyable evening was spent by the members composing a newspaper, which was read by "reporters" from the groups. Next week there will be the nomination and election of officers for the ensuing year, and as many as possible are requested to attend.

"SKINTITE"—THE 1940 SWIM SUIT

Only "Skintite" Can Give You All 5 of These Desirable Features

1. Perfect fit—the side-lacing feature gives perfect fit and moulding to the garment, and allows adjustment of practically two sizes.
2. Non-stretchable—the non-stretchability of Skintite combined with their perfect-fitting features insures a snug fit about the hips and prevents riding up.
3. Fast Color—the color and fabric of Skintite Swim Suits are Everfast, guaranteed against injury by the swimming pool or ocean water.
4. Water-resisting Fabrics—Velan-treated to prevent moisture from entering the fabric, thus making Skintite the quickest drying Swim Suit on the market.
5. Durable and Mothproof—Can be washed and thrown over a radiator to dry. Being constructed of satin or cotton, Skintites are mothproof.

Colorful fabrics in plain shades and floral prints with front-panel skirt. Sizes 14 to 20. **4.95 and 5.95** Price.

INCORPORATED 25TH MAY 1870.

Esquimalt Sports

Millicent Hughes, Bennetts' Winners

More than 600 spectators lined the ropes at Bullen Park yesterday afternoon as pupils from secondary and high schools of Esquimalt competed in their 12th annual sports day to vie for honors between the schools of the Esquimalt Municipality.

Top honors in the boys' events went to Leslie Bennetts, with a total of 19 points, including five firsts and two seconds. Honors in the girls' division were lifted by Millicent Hughes, with a total of seven points, including one first and two seconds. Both of these young athletes were on the prize list in other events.

Field officials included the following: Miss M. Kinch, Miss D. Farley, W. Creelman, J. Smith, O. A. Kelly, Miss I. Simpson, J. Grant, H. R. Dawson, Miss M. Elmyer, Miss C. Walker, Miss M. Knappett and J. Farnall.

Others in charge of the program included: Miss K. Mulcahy, J. A. Warder, Miss D. Willing, Miss G. N. Hewlings, S. Hanna, Miss M. E. Morrison and A. Hutchinson.

The following acted as judges: Reeve A. Lockley, Major G. S. Sisman and A. H. Dobson. Prizes were presented by Mrs. E. V. Finland.

A feature of the program was the appearance of little Gloria Morgan, recipient of the trophy of the May for the Esquimalt schools. Miss Morgan was accompanied by her attendants, who included Eunice Mitchell, Doreen Eaton, Peggy Ray, Margaret Burden, June Knappett and Cecily Rossiter.

A pleasant scene was enacted at the prize box when a youngster, Doris Barnsley, who had won a cash prize, asked Mrs. Finland if she could donate her prize to the Red Cross Overseas Society.

Races were run off during the afternoon amid the cheers of the crowd. Interscholarship competition was keen, as the young pupils vied for honors for their respective schools.

Results are as follows:

Top-of-war (1600-pound pull) — Esquimalt High School defeated Esquimalt Secondary School.

75-yard dash, boys under 11-1, Frank Watson; 2, Kenny Douglas; 3, David Williams.

75-yard dash, girls under 11-1, Joyce W. Jones; 2, Doris Barnsley; 3, Grace

Barnsley. 50-yard dash, boys under 10-1, Roy Derry; 2, Stewart Melton; 3, Lawrence Long. 50-yard dash, girls under 10-1, Zeno Buzzy; 2, Fritz Rodstrom; 3, Margaret Stewart. 50-yard dash, boys under 9-1, George Caldwell; 2, Albert Bethell; 3, Jerry Simpson. 50-yard dash, boys under 8-1, Jackie Smith; 2, Bobby Floyd; 3, Gerald Smith. 50-yard dash, girls under 8-1, Fay Armstrong; 2, Bernice Waring; 3, Dianne Finland. 50-yard dash, girls under 7-1, June Buzzy; 2, Dorothy Archer; 3, Julia Clements. 50-yard dash, boys under 7-1, George Adams; 2, Jackie Cunningham; 3, Pat Connolly. 50-yard dash, girls under 7-1, Barbara Floyd; 2, Gloria Bennett; 3, Alice Proteau. 50-yard dash, boys under 6-1, Doreen Douglas; 2, Millicent Hughes; 3, Doreen Douglas. 50-yard dash, girls under 6-1, Doreen Douglas; 2, Millicent Hughes; 3, Doreen Douglas. 50-yard dash, boys under 5-1, Lawrence Long and John Crystal; 2, Junior Doolittle and Ernest Williams; 3, Mahindar Singh and Jim McLeod. 50-yard dash, girls under 5-1, Margaret Stewart and Beattie Fieldhouse; 2, Fritz Rodstrom and Adrienne van Alphen; 3, Sylvia Campbell and Joan King. 50-yard dash, boys under 4-1, Jack Christensen; 2, George Betterfield; 3, Margaret Prance. 50-yard dash, girls under 4-1, Margaret Ord; 2, Joie Hyde; 3, Nancy Stewart. 25-yard double tumbling, boys' open-1, Leslie Bennetts and Harold Simmons; 2, Gordon Christensen and Alfred Jenkins; 3, Bill Turner and George Williamson. 25-yard double tumbling, girls' open-1, Georgina Birch; 2, Patricia Buxton; 3, Margaret Prance. One-eighth mile obstacle race, boys' open-1, George Williamson; 2, Leslie Bennetts; 3, Alfred Jenkins. 75-yard dash, boys under 13-1, Bert Waring; 2, Edwin Stephenson; 3, Kenneth Bishop. 75-yard dash, girls under 13-1, Betty Sims; 2, Marjorie Nottingham; 3, Irene Rattray. 100-yard dash, boys under 13-1, Charlie MacFarlane; 2, Jack Watson; 3, Stanley Harris. 100-yard dash, girls under 13-1, Marjorie Auchterlonie; 2, Edith Benson; 3, Marie Ockenden. 50-yard potato race, boys under 13-1, Bert Waring; 2, Jack Eaton; 3, Frank Buxton. Half-mile, boys' open-1, Arthur Young; 2, Fred Pelly; 3, Gordon Creed. PARK VISITORS TALK WITH GEORGE

"Who's doing all the talking?" ask strollers in Beacon Hill Park these summery days as they near the stone bridge which crosses Goodacre Lake.

The answer is down the road a few paces in the aviary, and in the aviary is George.

George is a talking blackbird who was recently purchased and given a home in the park. Already he has become a favorite with young and old, who gather around his cage for afternoon chats during their visits to the park.

His surname is Minor. He is related to the crow family.

Clad black, with a yellow ring around his neck and white tips on his wings, George makes quite a picture as he stands on his perch and calls out "Hello there," or some such greeting, to the folks outside.

Not only is he a conversationalist of some note, but George is an expert whistler and might give you a tune if he is in the mood. Now and then he refuses to answer the questions of his visitors, Sam Smith, animal and bird keeper at the park said, but that is seldom.

Because of his different appearance and perhaps a more interesting personality, George is stealing the limelight from Bill and Tom, the two red parrots, next door. This doesn't seem to worry the old-timers, though. Perhaps they figure the surprise of visitors discovering that a blackbird can talk will wear off.

ALLEGIANCE OATH APPLIES TO MANY

Very few, if any, permanent civil servants of British Columbia are ex-nationals of enemy countries, civil service officials stated today.

All the regular employees on the "civil list" are required to take the oath of allegiance before accepting their posts.

In addition to these, however, there are several hundred persons employed by the government who are classified as "sundry employees." This is the group, it was explained, to which Premier Pattullo had particular reference in his announcement yesterday that all government employees must take the oath.

So far as the permanent staff is concerned the civil service commission has a complete record of antecedents. They must have been in British Columbia at least one year before receiving an appointment and must be naturalized Canadians. Officials, in an offhand survey this morning, said they did not know of any ex-nationals of enemy countries on the list.

There is not the same check, however, on sundry employees, and it is possible there may be aliens who are not naturalized employees on temporary work. The new oath requirement will apply to all of these.

It is expected machinery for administering the oath will be set up shortly.

Ward Four Liberals to Hold Summer Socials

Ward Four Liberal Association held a short-business session at Liberal headquarters Wednesday night, when it was decided to continue holding social evenings during the summer months, at the discretion of the entertainment committee and ward executive.

At the next social gathering, on Wednesday, June 12, a roll call will be held, and it was announced last night that the entertainment committee was arranging an excellent program. Members were urged to make a point of attending the meeting.

Today's casualty list includes John "Shorty" Ward, well-known athlete, 5th Regiment, killed; Sgt. Wilkinson, 50th Highlanders, killed; Pte. W. G. H. Horn, 50th Highlanders, missing. Ptes. Percy and John Jaynes, previously reported as missing, are prisoners of war.

Joe Mark's splendid riding featured Saturday's motor bike meet at the Willows, the local rider capturing no less than three events, while he also made the fastest circuit of the half-mile track.

HEALTH BEGINS AT BREAKFAST!

Most diets too low in vitamins and minerals, say nutritionists

Daily orange juice helps all the family

Too few families get all the vitamins and minerals needed for the best of health. More of the bright, colorful foods should be eaten, experts say.

An 8-ounce glass of fresh Sunkist Orange juice has all the vitamin C you normally need each day. It also supplies vitamins A, B, and G and the minerals calcium, phosphorus and iron. Yes, health begins at breakfast!

Sunkist is bringing you the pick of California's best-ever crop of summer oranges. Wonderfully juicy! Plentiful in all sizes! Buy in quantities for economy.

Copyright, 1940, California Fruit Growers Exchange

Sunkist CALIFORNIA ORANGES Best for Juice—and Every use!

Uncle Ray

Blowgun Hunting Is Borneo Sport

Natives of Borneo think cock-fighting is a great sport. When the time comes for a fight, a knife about three inches long is placed on one leg of each bird. The other leg has no "metal spur," being armed only with the spur which Nature supplied.

Borneo children in front of their home.

Another sport of the Dyaks is hunting with a blowgun. This weapon has been used in Borneo for time untold.

Through trade with white men, the Dyaks have obtained iron drills, and these drills are used nowadays in boring the blowguns.

The iron drill used for this purpose is a long rod with a "bit" at one end. It is forced through a section of a tree limb, making a bore about eight feet long and a quarter of an inch in diameter. The wood around the bore is

cut down until it has a diameter of about one inch. Then it is scraped smooth on the outside.

Arrows, or darts, for a blowgun are very small. In fact they have a thickness of hardly an eighth of an inch. They are about 10 inches long.

One end of the arrow is sharpened. The other end is covered with a bit of soft, spongy wood. This makes the arrow bulge out at the rear so it will just fill the space inside the bore of the blowgun. The weapon would not work if air went past the arrow.

The sharp end of the arrow is dipped into a poison obtained from a plant. Often the poison juice is taken from the sap of the upas tree.

At a distance of 60 to 75 feet, a good Dyak marksman can bring down a bird the size of a sparrow. The arrow will carry to a distance of 100 to 150 feet, but it is not possible to have the best aim at such distance.

School Sports

GANGES—The annual interschool sports were witnessed by a large crowd of spectators on Mahon Hill grounds. A splendid program had been arranged by the teachers, each item being closely contested. The school cup was won by Isabella Point, South Salt Spring Island School, Ganges being second on points.

A Chinese checker tournament was held under the auspices of the Ladies Aid Wednesday evening, over 30 players taking part. First prizes were taken by Mrs. Colin Mount and S. W. Waggs; Mrs. J. B. Foubister and E. Parsons winning seconds, the two latter also winning prizes for mixed doubles. An amusing name-contest was won by Mrs. R. Toynbee.

HOROSCOPE

Saturday, May 25

This is an auspicious day for advertising. The stars encourage foresight which inspires the right sort of initiative. Good feeling is stimulated under this way, which is especially helpful to brain work. The evening is subject to adverse influences.

This should be a beneficial date for week-end visits, especially where new acquaintances of opposite sex are fellow guests. Women will benefit through new associations. Those in business will be subject to enemies on the part of men.

The summer will be most profitable for those who cater to those who travel. Railways, airplane companies and transportation aids of every type will be sources of profit. Hotels and summer resorts will prosper.

Criticism of men and women in public places will be severe. Bitter rivalries in politics will cause harsh judgment and untrue reports.

The March conjunction of Uranus and Mars, to which is attributed influence in the amazing and surprising conditions in European line-ups, may cause Japan to engage in serious controversy with the United States.

Persons whose birthdate it is have the augury of a year of prosperity, but it is well to follow intuition where important decisions are concerned.

Children born on this day probably will be keen in mind and shrewd in pursuing their own interests. The Gemini natives have foresight and common sense.

DOUGLAS STREET Y.P.A. Members of the Douglas Street Baptist Society met at the home of Mrs. Hurston Tuesday, Mar-

garet McKinnon presiding. Frances Hurston welcomed the new members. Harry Tyson brought a helpful message. During the business period plans were discussed for the camp this weekend at Cordova Bay. Next week the group will meet at the home of Mrs. Robinson, Prospect Lake.

Coal Output Higher

The output of coal from B.C. mines continues to increase, the Chief Inspector Mines reported today in figures for April.

Total output for the province was 144,467 tons compared with 112,475 tons for the same month of last year. Vancouver Island mines turned out 65,356 tons against 55,985 tons last year, the East Kootenay district 65,540 tons against 40,291 and the Nicola-Princeton area 13,261 tons against 16,199 tons.

Recruiting Success

WELLINGTON (CP-Reuters)—Finance Minister Walter Nash reported today that New Zealand's recruiting campaign has been "a success" with about 30,000 men enrolled for service in the army and 40,000 in the various naval services.

How To Overcome Piles And Rectal Soreness

If you are annoyed with itching piles or rectal soreness, do not neglect the same or run the risk of an operation. Any itching, soreness or painful passage of stool, is nature's warning and proper treatment should be secured at once. For this purpose get from Modern Pharmacy and Cunningham Drug Store—or any drugstore—a package of Hemoroid and use as directed. This formula, which is used internally, quickly relieves the itching and soreness and aids in healing the sore, tender spots.

Hemoroid is highly recommended—it is easy to use and it seems the height of folly for anyone to risk an operation when a simple remedy, which is so pleasant to use, may be had at such a reasonable cost.

Hurrah!

Wilson & Cabeldu

GO WHOLESALE

and now **WE** can **GO** in style!

To say that this is the greatest used car event Victoria has ever known is to put it mildly—and judging from the remarks heard in our three showrooms the used car buyers thoroughly agree with us. If you planned to buy a car this month, next month, OR ANY TIME THIS YEAR you'll be throwing money away to miss this opportunity.

3 LATE MODEL DE LUXE

CHEVROLET SEDANS

Some people have asked what we mean by "WHOLE SALE." Well, we believe in the old saying, "Example Is Better Than Precept," so look at THESE examples.

This is a '39, and the retail used car price would be \$895, and the price of a regular model would be \$925, but this de luxe model is only

\$876.20

Here again you get a de luxe model for less than a regular. The regular model is \$825, the retail price of this '38 de luxe model is

\$782.50

And its the same story with this '37 de luxe model. Retail price \$795, price of regular model \$725, but wholesale on this de luxe

\$693.86

WHAT ABOUT DAILY "TRADE-INS?"

Our auditor has figured out the exact WHOLESALE prices to the lowest cent, and this applies to every used car in our great stock. And remember each day other used cars are being traded in. These are priced at lowest WHOLESALE and put on sale, immediately, "AS IS." However, if you want one of these cars and want it reconditioned to our regular high standard, we will do this work as usual in our own shop, but during this event we will charge you WHOLESALE price on the recondition work. When we say "Wholesale" we mean

WHOLESALE

DANISH ECONOMY REORIENTED

COPENHAGEN (AP)—With her foreign markets gone, Nazi-occupied Denmark is reorienting her foreign economy to fit that of Germany and at the same time drastically rearranging her home economy to meet the sudden unemployment resulting from the

Nazi occupation.

The Danish export and import business has been cut approximately in half, while certain industries have been curtailed sharply because they lack the raw materials which Great Britain formerly supplied.

The solidity of Denmark's agricultural economy evidently was affected least of all, as Germany proved an eager market for food products.

Denmark's principal agricultural problem is to supply feed for her large herds of dairy cattle, her pigs and her poultry.

ATHENS (AP)—Personal registration of all foreigners with the police was ordered by the Ministry of Public Safety today, presumably to prevent the formation of a "fifth column." Punishment for noncompliance was to be expulsion or imprisonment.

TOWN TOPICS

An auto driven by Y. Kusum, 2721 Bridge Street, and a street car in charge of W. Akerman met in a collision yesterday morning at Elliott and Government Streets.

At 7.30 last night city fire engines responded to a call to Lemon-Gonnason mill property and there extinguished a small roof fire on one of the buildings.

Four motorists were fined \$10 each for exceeding the speed limit through a school zone, and two \$5 each for failing to stop at a stop sign, in Saanich Police Court yesterday afternoon.

A meeting of the Victoria Junior Chamber of Commerce to consider a communication received in connection with the proposed arena for Victoria, will be held Wednesday afternoon at 4.30 in the chamber's committee room.

The British Columbia Historical Association will hold a general meeting Monday evening at 8.30 in the Provincial Library. W. C. Moresby, K.C., will speak on "The Association of the Name Moresby With the Colonies of Vancouver Island and British Columbia and the Province of British Columbia."

Conversion of two homes into two family dwellings was approved by the city's zoning board of appeal yesterday afternoon. The board approved plans of J. D. Wilson to convert 2917 Quadra Street, and J. H. Hutton to convert 816 Princess Avenue. Mrs. A. V. Davis was granted permission to operate a nursing home at 1015 Richmond Road for 10 patients.

OBITUARY

BROWN—The remains of Thomas Miller Brown are resting in Haywards B.C. Funeral Chapel and will be forwarded tomorrow afternoon to Saskatoon, where service will be held and interment made.

SANDERS—Archdeacon A. E. de L. Nunn will conduct services at the Sands Mortuary tomorrow afternoon at 2.30 for Mrs. Mary Sanders; interment at Royal Oak.

CRAWFORD—Canon F. A. P. Chedwick conducted services at Sands Mortuary chapel yesterday for Joe Robert Crawford, who was drowned Tuesday at Fulford Harbor. Many sorrowing friends attended and the following boys acted as pallbearers: Lloyd Roland, Joe Briggs, Rex Daykin and Walter Cudmore. The remains were laid at rest at Royal Oak.

Disband Club

WINNIPEG (CP)—R. Peters, executive member of the German-Canadian Club in Winnipeg's north end, today announced the organization was disbanding voluntarily "in the interests of community peace." The society was reputedly nonpolitical and was mainly a sick benefit and social club, formed in 1906. The executive assured the Canadian government of the loyalty of its membership.

EDMONTON (CP)—Wheat seeding throughout Alberta will be practically completed during the coming week-end, according to reports received by the Alberta agriculture department.

Britain's Husband Soldier Finds War Hard on Budget

By ROBERT BUNNELLE

LONDON (AP)—The worried little guy with a young wife, a mortgaged cottage and an installment radio—in war as in peace—is taking the economic rap.

His forehead is creased less with fear of bombs and bullets than with worry about how his domestic establishment, started at the cost of endless economies, is going to survive on the \$4.50 weekly his wife will get from the government while he's off to the wars.

Take a look at the plight of hypothetical J. Average Conscript whose country has mandatorily called him to the fray to stop Adolf Hitler.

ALL A BIG BOTHER

Willing to help in a cause he considers an urgent one, but nevertheless worried about his personal finances, he's typical of the 1,300,000 or so young men from 20 to 25 Britain has called from civil life to fight.

Last spring, at the age of 22, he was "getting along pretty nicely in the world as the well-thought-of young senior clerk in a brokerage office."

His pay was \$1,200 a year—considerably above the average for a young fellow of his age—and he had about that sum in the bank.

His prospects seemed fine so he married the girl—her family, green grocers in Fulham, thought she was doing pretty well by herself to get such a fellow.

BOUGHT A COTTAGE

This young couple didn't worry too much about alarms of war. When they found a nice little cottage in Ilford, within easy commuting distance of London, for only \$2,500, they bought it. The young man used his savings for a down payment and put on a mortgage for the balance, which he contracted to pay off at a rate of about \$25 a month.

The girl brought most of the furniture along as her dot. They bought an installment plan radio, budgeting their \$100 month income thus:

Payments on house mortgage, \$25.
Taxes, assessments, \$2.
Food, \$28.
Transportation to work and light lunches, \$14.
Clothing and incidentals, \$14.
Savings, \$4.
Miscellaneous expenses, including doctors' bills, income tax, entertainment, reserve for yearly two-week vacation and preparations for expected increase of family, \$11.

SEPTEMBER ARRIVES
Things went along pretty nicely until September. Then the worries began, and finally the biggest worry of all became a reality.

His Majesty's government called, and all of a sudden—just when the crocuses were pushing up through the neat, little-bordered flowerbeds around his little cottage—young Mr. Conscript found he was in the army now. Instead of \$100 a month he was earning just around \$12 a month.

Half of that was set aside for his wife. To this, the government added a family allowance of \$14. But how the blazes, worried young Mr. Conscript, could an income of \$20 a month be spread to cover the demands of that \$100 budget?

WHAT ABOUT HOUSE?

Even if he gave up the \$6 a month of his pay that the government allowed him to keep for tobacco and beer, it wouldn't help much, and a fellow had to have some spending money.

What would happen to the house? The payments couldn't be kept up.

Maybe his wife could go back to her family, but they were having a hard time, too—so many of their customers had vanished with removal of large blocs of population from the danger area.

How would they do about the baby they were expecting? What about the radio?

Would everything be wiped out so that when war was over, even if he got his job back as promised, they would have to start out with nothing?

GOVERNMENT HELP

At first it worried young Mr. Conscript no end. It still is worrying him, although he has turned his problems over to the efficient, sympathetic and highly organized Social Welfare Department of the British War Office and is getting a kind of moratorium on his more important obligations until war's end.

But he knows that although the government is going to help him keep the roof over his wife's head and prevent foreclosures that would cost him his property, it's just deferring the day when the payments will have to be met; and the war is setting him back just the length of time it keeps him in the army.

The British government got its rather amazing welfare organization into operation within seven weeks of the outbreak of war, co-

ordinating every group dealing with the moral and physical welfare of the troops under a central council.

GOVERNMENT SAW NEED

The government was well aware that an army worried about its home folk, domestic problems and financial obligations, could not be the free-swinging, hard-hitting high-morale kind of an army that wins battles—or the kind that can stand up under a waiting war such as the Allies are fighting.

The War Office set up regional welfare organizations to correspond to the various commands. These work in co-operation with local welfare organizations. Officers and lawyers work to arrange mortgage and debt moratoriums, deferment of rents, deferment of interest payments, conclusion of leases, special financial arrangements for special cases, and the handling of all imaginable domestic, legal and personal problems of the individual soldier.

The conscripts, the volunteers, all the army is grateful. But the little guy with his young wife, mortgaged cottage and installment furniture, still worries.

WANT STATEMENT ON THIRD TERM

WASHINGTON (AP)—As

President Roosevelt's pledged and semi-pledged delegates to the Democratic Convention reached a majority today, Republican demands arose that he state his third term intentions in his Sunday night "fireside chat" on national defense.

Democrats, however, expected no such disclosure from the White House.

Representative James W. Wadsworth, Republican, New York, termed "absolutely sound" All M. Landon's challenge that the President take himself out of the 1940 presidential picture if he expects Republicans to join his cabinet.

"I think the President should announce in his 'Sunday radio address whether he intends to run or not," Wadsworth said.

Wadsworth is national chairman of the Republican presidential campaign of Frank Gannett, Rochester, N.Y., publisher, who also spoke out yesterday against the coalition idea in an interview here. After learning of the President's plans to speak Sunday night, Gannett said:

"I think the President should tell the people he is not going to use the defence program for his own political advantage."

Mr. Roosevelt's convention delegates went over the majority mark with the pledging yesterday of Vermont's six votes. This gives him commitments to 347 votes of the 1,094 to be cast.

Nazi Claims Fantastic

LONDON (CP)—British naval losses since April were two capital ships slightly damaged, one cruiser which struck an uncharted rock and seven destroyers and four submarines sunk, naval sources said today.

The 9,550-ton cruiser Eppingham was announced as lost after running on to a rock off the Norwegian coast last Monday.

German claims that 15 capital ships, three aircraft carriers, 46 cruisers, 44 destroyers and 29 submarines were sunk or damaged were scoffed at as "fantastic."

War Speed-up Urged

TORONTO (CP)—A crowd of 8,000 Toronto citizens endorsed last night a platform of the League for Patriotic Action calling for "more vigorous leadership at Ottawa" and a speed-up in production of guns, tanks, trucks, planes and munitions.

The meeting, held in a drizzle of rain at the Maple Leaf Baseball Stadium, was one of a series organized across the country by the league, formed by the Canadian Corps Association. Mayor Ralph Day presided.
